

Interstate Opportunities for Study in the Midwest

Midwest Student Exchange Program

*Kansas, Michigan, Minnesota,
Missouri & Nebraska*

Advancing Education Through Cooperation

Midwestern Higher Education Commission

2001-2002 Bulletin

The MHEC states currently participating in the Midwest Student Exchange Program include the following:

Kansas Michigan Minnesota Missouri Nebraska

The Midwestern Higher Education Commission is a nonprofit regional organization established by compact statute to assist Midwestern states in advancing higher education through interstate cooperation and resource sharing. Member states are: *Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio and Wisconsin.*

MHEC seeks to fill its interstate mission through programs which:

- ◆ enhance productivity through reductions in administrative costs
- ◆ encourage student access, completion and affordability
- ◆ facilitate public policy analysis and information exchange
- ◆ facilitate regional cooperation
- ◆ encourage quality educational programs and services in higher education
- ◆ encourage innovation in the delivery of educational services

General Information

This bulletin provides information on the participating institutions and degree programs included in the Midwest Student Exchange Program for the 2001-2002 academic year.

The Midwest Student Exchange Program (MSEP) was established by the Midwestern Higher Education Commission to increase interstate educational opportunities for students in its member states. The program enables residents of **Kansas, Michigan, Minnesota, Missouri and Nebraska** to enroll in the institutions and programs designated in this bulletin at reduced tuition levels.

Tuition for MSEP students attending designated out-of-state public institutions is at least equal to 150 percent of regular in-state tuition. Students attending designated out-of-state independent

institutions receive at least a 10 percent reduction in their tuition. In all programs, the cost to MSEP students is lower than regular nonresident tuition.

State and institutional participation in the Midwest Student Exchange Program is voluntary. Only those programs and institutions that appear in this bulletin will receive MSEP students in the 2001-2002 academic year. A student's eligibility for admission is determined by each participating institution.

Under MSEP policies, students from participating states are awarded MSEP tuition reductions only at those degree levels (associate, baccalaureate, master's or doctorate) for which their home state offers programs to MSEP students from other states.

This is How it Works...

Tuition

An MSEP student pays 150 percent of the institution's regular resident tuition plus any required fees. For example, at a college with a resident tuition of \$600 per semester and a nonresident tuition of \$1200 per semester, tuition for an MSEP student would be \$900 per semester. The full cost (tuition plus fees) of any specific program can usually be determined from the catalog of the institution or by contacting the institution's office of admissions.

Application, Admission & Renewal

The student applies for admission directly to the institution (as listed in this bulletin) of his or her choice. On the institution's application form, the student indicates that MSEP status is desired upon admission. The participating MSEP institution will evaluate the student's application for admission and request for MSEP status and will then respond directly to the student.

The listings on the following pages identify the appropriate contact office for each MSEP institution and their enrollment requirements. In all cases, the admitting institution reserves the right to admit or deny admission to any applicant.

Students must indicate on their application for admission that they seek admission as an MSEP student.

Students *may need to reapply* to maintain MSEP status. Check with the campus MSEP contact.

When changing to another program (at the same or different institution), a student may keep MSEP status only if the new program is also listed in the bulletin and/or the change is approved by the admitting institution. Extension of the MSEP tuition privilege to students already enrolled is at the discretion of the institution.

Contacts

For Further Information

This bulletin was prepared for use by high school counselors and college admissions officers. A brochure especially designed for students and parents is available through your high school counselor's office, the office of admissions of participating MSEP institutions, or the state coordinating offices listed in this bulletin.

You may obtain additional information from college catalogs on file at your high school or local library. However, the best "first source" of information is your high school counselor or the admissions officer of a MSEP institution.

Program Eligibility

In MSEP, students are awarded tuition reductions only at those degree levels for which their home state offers programs to MSEP students from other states. This means that if you come from Kansas, you may attend an MSEP institution in Missouri that offers baccalaureate, master's and doctoral degrees. In Minnesota, however, no MSEP institution currently offers a doctoral degree, so while you are eligible, you would not be able to use MSEP for a doctorate in Minnesota.

To simplify the process of finding out which states

offer degrees for which you are eligible, we have created the chart below. Find your state of residency at the top, then the destination state and degree level at the left. At the intersection of the two, you will find a "yes" if you are eligible for that level of degree in that state or a dash if you are not.

Please remember that not all institutions in a given state offer all levels of degrees. Consult the following pages and listed contacts for further information.

State of Residency

		State of Residency					
		Kansas	Michigan	Minnesota	Missouri	Nebraska	
Destination State	Kansas	Baccalaureate		yes	yes	yes	yes
		Master's		yes	yes	yes	yes
		Doctorate		yes	--	yes	yes
	Michigan	Certificate	--		yes	yes	yes
		Associate	--		yes	yes	yes
		Baccalaureate	yes		yes	yes	yes
		Master's	yes		yes	yes	yes
		Doctorate	yes		--	yes	yes
	Minnesota	Certificate	--	yes		yes	yes
		Associate	--	yes		yes	yes
		Baccalaureate	yes	yes		yes	yes
		Master's	yes	yes		yes	yes
	Missouri	Certificate	--	yes	yes		yes
		Associate	--	yes	yes		yes
		Baccalaureate	yes	yes	yes		yes
		Master's	yes	yes	yes		yes
		Doctorate	yes	yes	--		yes
	Nebraska	Certificate	--	yes	yes	yes	
		Associate	--	yes	yes	yes	
		Baccalaureate	yes	yes	yes	yes	
Master's		yes	yes	yes	yes		
Doctorate		yes	yes	--	yes		

This page intentionally left blank.

In Kansas, undergraduate students participating in the Midwest Student Exchange Program:

1. Must have an ACT score of 24 or higher, or a SAT score of 1100 or higher;
2. Must rank in the top 25% of their high school graduating class;
3. Must complete the thirteen-unit college preparatory curriculum as defined by ACT, including four units of English and three units each of social science, natural science and mathematics; and
4. Must enroll as full-time students, maintain a 3.0 GPA and make acceptable progress toward the degree as verified by the department chair.

All undergraduate students participating in the Midwest Student Exchange Program in Kansas must meet the admission requirements. However, specific academic programs may have higher or additional requirements that students must meet in order to be admitted.

Graduate students will be admitted to MSEP academic programs according to the admissions requirements of the graduate school at the participating university.

State Colleges & Universities

Emporia State University

Emporia State University will admit up to 20 students each year in the following programs:

Baccalaureate Programs

Art – Glass Forming
Business Education
International Business

Master's Programs

Business Education
Instructional Design and Technology

Doctorate Programs

Library Information and Management

Public Community Colleges

The following two-year public institutions are participating in the Midwest Student Exchange Program. The total number of students admitted at a Missouri public institution through the Midwest Student Exchange Program for 2001-2002 shall not exceed 100 students or 10 percent of the prior year's out-of-state enrollment at the institution, whichever is greater. Public two-year institutions will assess MSEP students 150% of the current in-district rate or 100% of the current in-state out-of-district rate, whichever is greater. Any additional restrictions that may apply are listed with the respective institution.

Crowder College

The Environmental Health and Poultry Science programs have special admissions criteria, including a minimum grade point average of 2.75.

Certificate Programs

Maple Woods Community College

Maple Woods Community College & the Builders' Association of Missouri Education Foundation have entered into a certification agreement to grant an Associate in Applied Science degree in Management with an emphasis in construction. All of the Builders' Association supervisory/management construction courses will carry college credit & will be taught at the Builders' Association.

Associate Degree Program

- Management
 - Construction Emphasis (24)

Electronics Engineering Technology is designed to transfer in the EET degree program at CMSU and Missouri Western. Additionally, the degree is designed to meet the Accrediting Board for Engineering & Technology, Technology Commission requirement.

Associate Degree Program

- Electronics Engineering Technology

Electronics Technology is designed to provide a platform for immediate employment in the electronics industry.

Associate Degree Program

- Electronics Technology

Maple Woods Community College & the Builders' Association of Missouri Education Foundation have entered into a certification agreement to grant an Associate in Applied Science degree in Industrial Technologies in the emphasis area of Carpentry, Ironworking & Masonry. Students completing the federally approved apprenticeship program that contains a minimum 540 clock hours of class from instruction & 4,000 clock hours on-the-job training receive 30 college hours with another 35 required to complete the AAS degree.

Associate Degree Program

- Industrial Technologies
 - Construction Carpentry
 - Construction Bricklayers
 - Construction Glaziers
 - Construction Ironworking
 - Construction Masonry
 - Industrial Electrical
 - Industrial Maintenance
 - Inside Wireman
 - Millwright
 - Stationary Engineering
 - Heating, Ventilation and Air Conditioning
 - Climate Control

Public Colleges & Universities

The following four-year public institutions are participating in the Midwest Student Exchange Program. The total number of students admitted at a Missouri public institution through the Midwest Student Exchange Program for 2001-2002 shall not exceed 100 students or 10 percent of the prior year's out-of-state enrollment at the institution, whichever is greater. Any additional restrictions that may apply are listed with the respective institution.

Central Missouri State University

Central Missouri State University participates in MSEP in all undergraduate and graduate programs on a space available basis in addition to the programs listed below. Specific admission criteria are required for some programs.

The certificate program in Teaching English as a Second/Foreign Language is designed to provide professional preparation at the graduate level for individuals who wish to combine training in teaching ESL with studies in another area. The master's program is designed to provide professional preparation for teaching ESL in the U.S. or abroad.

Northwest Missouri State University

All undergraduate and graduate programs are open on a space-available basis; initial placements under MSEP will be limited. First-time freshmen that have a combined percentile index of 150 (refer to admissions application to calculate Admissions Index) will be considered. Subsequently, a limited number of seats will be made available to transferring, continuing, returning and graduate students.

Transferring, continuing, and returning students with fewer than 28 hours of completed college coursework will be automatically eligible for MSEP if they meet the new freshman requirements listed above. (Students' high school transcript and ACT score report must be submitted.) Students with 28 or more hours completed must have a cumulative college GPA of at least 3.00 on a 4.00 scale. Graduate students must be enrolled full-time (not receiving a graduate assistantship from Northwest), and must have completed a bachelor's degree with a cumulative college GPA of at least 3.25 to be considered.

To meet renewal requirements, undergraduate students must maintain a 3.00 Northwest GPA. The award will be given for a maximum of 132 credits for entering freshmen. Transferring, continuing, and returning students will be prorated as they enter the program. Graduate students must maintain a 3.40 Northwest GPA; the award will be given for a maximum of 40 credits.

Missouri

Southeast Missouri State University

Southeast Missouri State University will accept 100 full time students under the Midwest Student Exchange Program. Selection will be competitive. Graduate students must have a 3.0 GPA. Students will be admitted based on availability of space in each program. To be eligible for consideration, applicants must have a minimum Enhanced ACT score of 21. (An Enhanced ACT score of at least 22 will be required for admission into the Teacher Education program.) Exclusions from the MSEP tuition waiver may apply for students receiving university scholarships.

University of Nebraska

The University of Nebraska welcomes students from MSEP states who find appeal in any of our quality degree programs. Admission to the University of Nebraska is on a competitive basis. Students admitted from MSEP states who exhibit superior academic performance will receive consideration for MSEP reduced tuition as a component of the New Nebraskans Scholarship Program. The University will advise students of their eligibility for MSEP reduced tuition as part of the scholarship and financial aid notification process; a separate application for MSEP is not required. Contact the Office of Admissions at the appropriate campus for further information.

For further information concerning all policy matters relating to University of Nebraska's programs, please contact:

Dr. Lee B. Jones
Executive Vice President and Provost
University of Nebraska
Varner Hall
3835 Holdrege Street
