

## FY2009 Market Adjustments

The Office of Human Resources has received notification from the State Division of Personnel Services regarding market adjustments for classified employees for FY 2009. The list of market adjustments, as well as the new FY 2009 pay matrix, may be found at <http://www.da.ks.gov/newpayplans/fy2009.htm> . All employees in classifications receiving market adjustments for FY 2009 will receive an increase of at least 5%, in addition to the general increase provided to all classified employees. Increases are reflected on this pay matrix and will be included in the paycheck dated and received July 11, 2008. These market adjustments are dependent on the Governor signing an executive order.

Note that the list includes all affected classifications for State of Kansas employees, however, many of those are not used at Emporia State.

If you have any questions, please contact your payroll designee or the Office of Human Resources at 341-5379.
