

# MINOR

## Earth Science

[www.emporia.edu/earthsci](http://www.emporia.edu/earthsci)

This program is designed to allow for some experience and specialization in earth science to complement a major in another field of study for either the BS or BA degree.

### General Information

The basic requirements for the minor are listed below. Twenty (20) credit hours of required or elective courses must be completed.

#### I. Required Courses: 11 hours

Courses	Hours
ES110 Intro to Earth Science.....	4
ES111 Intro to Earth Science Lab.....	1
GO325 Earth History .....	3
GO326 Plate Tectonics .....	3

#### II. Elective ES, GO or PS courses numbered 200 or above: 9 hours

These electives should be selected in consultation with an earth science advisor (official or unofficial).
