Hear What Others Say!

- “Often times cutting edge technologies are dulled by poor ID techniques; however solid ID practices can make any software shine. Emporia State University’s IDT department demanded solid planning and instructional design practices from me; skills which assist me to this day in every project I undertake.” Hattie Williams, National Weather Service.
- “The professors of IDT were very helpful in tailoring the program to meet my unique needs when I lived 600 miles away from Emporia and 150 miles from the nearest university of any kind.” Carl Lund, Wichita, formerly Eagle Butte, SD.
- “The advisors and instructors in ESU’s IDT department are flexible and reasonable, yet set high expectations.” Lisa Suhr, Sabetha Schools.

Did you Know?

- With six full-time faculty members, Emporia State’s IDT department has the **largest** instructional technology program in the state and is the **only** program in Kansas which grants a Master’s Degree in Instructional Design and Technology.
- All Master’s Program courses are completely available online.
- Emporia State IDT is fully accredited by the North Central Association Commission on Institutions of Higher Education and the National Council for Accreditation of Teacher Education (NCATE).
- Graduate students may be eligible for financial aid. For information, call 620.341.5403.
