

"The human warmth you can feel in Emporia. Everyone has been so kind; you feel at home."

~ Mariela, Paraguay

Our kick off to the spring semester looked a little different this year due to the pandemic, but we were happy to welcome new students from 12 countries!

Summer Program

Program Dates: 2 July - 12 August 2021

For decades, international students have spent summers on our campus to polish their English skills, to get an early start on the fall semester, or just to have a summer study abroad experience. Students can focus on developing their English skills in our Intensive English Program or they can choose from a variety of academic classes. The program also features excursions and activities so students can experience U.S. culture. There are many opportunities to interact with fellow students and the ESU community as participants live on campus dormitories and participate in campus life.

Email iep@emporia.edu to learn more | Application Deadline: 1 May 2021

Flexible Study Program

Do you have students that wish to study abroad at ESU but are still developing their proficiency in English? Our Flexible Study Program allows student who meet certain criteria to take both English and academic classes simultaneously at a ratio dependent on their skill level. Students can participate in the Flexible Study Program in both the fall and spring semesters.

This chart indicates the potential Pathway that students can take based on their English test scores.

PATHWAY LEVEL	# OF REQUIRED ENGLISH CLASSES	# OF ACADEMIC CLASSES	TARGET PROFICIENCY SCORES
Corky	1	4	TOEFL: 65 Duolingo: 90
Hornet	2	3	TOEFL: 60 Duolingo: 85
Stinger	3	2	TOEFL: 55 Duolingo: 80

Word from the Dean

Greetings from Emporia State! This is our inaugural newsletter, and we are pleased to share items on our inbound summer and short-term program possibilities. We will also feature short pieces on our visiting students from our partner institutions. We hope to continue deepening our connection with our partners and increase our bilateral student mobility. This month we are reaching out to coordinate a virtual study abroad fair and hope all our partners can participate. Best wishes for 2021!

Dr. Mark Daly

Interested in studying at ESU for just a short time?

Build a program with us!

Emporia State University has experience designing customized programs. We work with our institutional partners to build programs featuring academic workshops, seminars, and activities that meet desired learning outcomes. Time frames are available throughout the year (10 day minimum). We welcome the opportunity to work with you.
