## HIGH IMPACT GRANT APPLICATION

2021-22 Academic Year

Deadline: April 19, 2021

### Application Guidelines

1. Proposals are limited to those directly related to undergraduate academics.
2. Proposals that reflect experimentation and innovation are strongly encouraged. If successful, most projects will produce new information about high impact practices.
3. Projects should be executed within an academic year. If the project(s) are successful, faculty will be encouraged to seek other sources of funding for continuance and the High Impact Learning Committee will assist in this effort.
4. Preference will be given to projects for which there are not established sources of funding.
5. Proposals of a multidisciplinary nature are encouraged.
6. Proposals with the potential for cross-disciplinary application are encouraged.
7. Applicants will understand that an end-of-project assessment report will be required which will include participant's input.
