Academic History

Master of Science in Educational Administration, December 2021 (pending) - Emporia State University

Master of Science in Instructional Specialist Elementary STEM, December 2018 - Emporia State University

Bachelor of Science in Elementary Education, May 2016 - Emporia State University

Professional Experience**Instructor, Emporia State University, August 2021 - Present**

Supervising twelve Block 2 Interns at four different schools. Teaching Science Methods (EE316) and Lesson Planning & Assessment (EE311) to Block 1 students. Teaching Elementary Math (EL350) to Pre-Block students.

Teacher, Circle Benton Elementary, August 2016 - Present

I successfully taught 3rd grade for two years and then moved to 6th grade because there was an opening and I had a passion for teaching older students. After one year, we lost a teacher and they needed me to bring my curriculum skills back to 3rd grade to help with incoming teachers. With the help of the librarian, I started an after school Makerspace/STEM lab. She and I also started a Benton Broadcast with the 3rd graders.

Building Leadership Team, KNEA Treasurer, Mentor Teacher, District Curriculum Committee, Social Committee, Thrive After Five, and Maker's Lab

Student Intern, Ortiz Elementary, January 2016 - April 2016

During Block 3, I was a student intern in a kindergarten classroom. This gave me experience with students that were just beginning their education career. Through this semester I was able to grow stronger in positive reinforcement, classroom management, and organization.

Student Intern, Circle Greenwich Elementary, August 2015 - December 2015

I practiced Kagan Collaborative techniques, active learning techniques, and Harry Wong's best practices. I created and executed a 3-day social studies teach and a 10-day unit in math and social studies.

Qualifications and Trainings

Trauma Informed Training
Chromebook Training
Google Training
Kagan Training
Brain Based Strategies Training
Pathways to Reading Training

Daily 5 and CAFE Training
ESOL Training
Implementing Small Groups and Centers Training
Alphabetic Phonics Training
Vanguard Training (iPad)

Skills

Classroom Management
Positive Behavior Management
Collaboration with teachers, parents, and administration
Building lessons to fit standards
Engaging instruction in math, science, literacy, and social studies
Understanding of Professional Development Schools Model
Differentiation
Research-Based Practices
Positive
Flexible

Professional Associations

Kansas National Education of America

Licenses and Certifications

Kansas K-6 Teaching License - Expires July 2023
