

We Have Your Major!

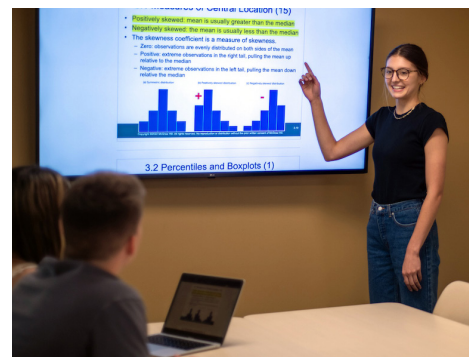

From accounting to zoology, Emporia State University has the academic programs to help you follow your passion. With more opportunities to get out of the classroom and learn hands-on in your field, you'll get to jump into your major right away—no waiting until graduate school.

Check out some of the exciting majors we have to offer! To learn more about any of the programs listed here, visit the weblink or reach out to your admissions counselor by scanning the QR code.

If you have an eye for patterns, a creative mind and are great at organizing information:

Check out our School of Business programs! Our Business Data Analytics degree gives you a wide-ranging education to work in market research, finance, computer systems and more! In our Entrepreneurship program, you will learn to turn problems into revenue-producing solutions and make your creative ideas reality. Learn more at emporia.edu/business

Are you interested in social justice or diversity, equity and inclusion?

Our Ethnic, Gender and Identity Studies major focuses on analyzing personal and social identities to build skills in critical thinking, social awareness and advocacy. As a major that includes classes from different campus departments, you can pair this with marketing, communication, business whatever field you want to make a difference! The sky is really the limit. With this major, you could go on to jobs in public service, training and development, marketing, human resources, social justice non-profit work, community outreach and more.
