Dear Hornet Nation,

The last week has been difficult and filled with uncertainty for our community. We began this process knowing that we would need to first complete procedural steps before sharing broader directions and plans. We recognize the impacts of these decisions.

The purpose of this message is to provide an information timeline:

- By Sept. 30 – Department chairs will communicate program information with their departments.
- By Sept. 30 – Advisors will communicate with students in programs directly affected.

Students in affected programs **WILL** be able to complete their current degree program at Emporia State University as planned. Changes will **not** affect accreditation or the legitimacy of degrees.

What's Next

We recognize that there are many questions. We appreciate your patience and understanding as we complete these procedural steps.

Additionally, over the coming weeks, and through the remainder of the academic year, the campus community will receive communication about how Emporia State is strategically reinvesting in many academic programs.
