FINAL EXAMINATION SCHEDULE

The first day that a class regularly meets determines the final exam block. [Example: For a class that regularly meets MT, MW, MWF, MTWR, MTWRF, WRF, WF, M only, W only, F only, etc., the student will check the "MWF" blocks. For a class that regularly meets TR, TWR, TWRF, T only, R only, RF, etc., the student will check the "TR" blocks.]

The time within each block on the final exam schedule is determined by dropping the minutes off the regular class time. [Example: For a class that regularly begins at 9:15, 9:30, or 9:45 on Wed., the student will check the 9:00 MWF block.]

After it has been determined which block fits a specific class, the student will check the far left column to determine the time of the examination and the top of the schedule to determine the day the examination will be given. Examples: The examination time for a 9:30 TR class would be 10:10-12:00 on Thursday, May 11th. The examination for a 1:00 MWF class would be 1:00-2:50 on Wednesday, May 10th. The examination for an 11:30 Thursday class would be 8:00-9:50 on Friday, May 12th.
