Q4. What impression do you have of the food served in the Hornets Nest (dining hall)?			
Count	Percent		
100	100.00%	<div></div>	
Count	Percent		
1	1.00%	<div></div>	
1	1.00%	<div></div>	A fairly good variety and quality of food
1	1.00%	<div></div>	As a staff member I have never been in the hornets nest. It is normally too crowded when I take my lunch.
1	1.00%	<div></div>	Below average
1	1.00%	<div></div>	Bland, not a lot of options for the price, especially at lunch when you don't want to eat a lot.
1	1.00%	<div></div>	Carb heavy, need more healthy and better options.

1	1.00%	<input type="text"/>	could be better
1	1.00%	<input type="text"/>	Do not utilize at this time.
1	1.00%	<input type="text"/>	Each time I have eaten there I have found that the food is really low quality in taste and health. I also think it's too expensive for what you get from it. It would be nice if we could go through and just pay for what we want instead of this "buffet" style.
1	1.00%	<input type="text"/>	Expensive, not enough options.
1	1.00%	<input type="text"/>	Food is pretty consistent quality, some very delicious options, some mediocre, but always an option for something good in the dining hall. The options for catering events at ESU seem very limited(and strict), the quality and taste of some of their food options for large events, like Mexican food, is not anywhere near as good as any local Emporia restaurant, and it can be a little embarrassing to have that food for guests when they are used to a much higher quality elsewhere. Very good at small bites, vegetables always seem to be fresh and well prepared, and the soft cookies are always a hit.
1	1.00%	<input type="text"/>	From what I have heard it is adequate, but not excellent.
1	1.00%	<input type="text"/>	Good food but price could improve
1	1.00%	<input type="text"/>	Haven't been but heard it is quite average
1	1.00%	<input type="text"/>	I always enjoyed when we had the Skyline Dinning Room. We could meet colleagues for lunch or enjoy a working lunch.
1	1.00%	<input type="text"/>	I am thrilled that they consistently stock a salad bar with healthy food options. I have not sampled any of the other food beyond the salad bar, because it doesn't look as healthy and appetizing to me.
1	1.00%	<input type="text"/>	I cannot eat at the dining hall due to severe gluten intolerance, lack of consistent food labeling, limited food options, and high risk of cross contamination.
1	1.00%	<input type="text"/>	I do not know
1	1.00%	<input type="text"/>	I don't go there. If there was a posted menu it might entice me.
1	1.00%	<input type="text"/>	I don't go too often anymore; however, when I did go -- it was good. The food is always fresh and hot!
1	1.00%	<input type="text"/>	I don't use and tend to avoid using the Hornets Nest.
1	1.00%	<input type="text"/>	I don't use the dining hall.
1	1.00%	<input type="text"/>	I don't see an option for this next comment. However, in the next contract whoever it is with there needs to be an option for ESU events (other than athletics) to be able to have food outside of sudexo served on campus. We've had several community events where businesses have offered to donate food/catering services but we are unable to because of the current contract. What happens is we simply don't have food because of the cost.
1	1.00%	<input type="text"/>	I don't use it
1	1.00%	<input type="text"/>	I enjoy the variety of food our dining hall offers.
1	1.00%	<input type="text"/>	I generally would never go out of my way to eat there.
1	1.00%	<input type="text"/>	I have heard students complain about the cleanliness of the workers.
1	1.00%	<input type="text"/>	I have never eaten there myself. I don't hear much in either a negative or positive light.
1	1.00%	<input type="text"/>	I have not eaten in the dining hall.
1	1.00%	<input type="text"/>	I have not eaten there in recent years.
1	1.00%	<input type="text"/>	I have not used the Hornets Nest.
1	1.00%	<input type="text"/>	I have only gone there once. It was decent. I have dietary restrictions (gluten) and was able to find food to eat.
1	1.00%	<input type="text"/>	I haven't ever been to the Hornets next - but I've been to functions that food was provided for. Foods I've tried were all good - especially the cookies.
		<input type="text"/>	

1	1.00%	<input type="text"/>	I hear that it's awful.
1	1.00%	<input type="text"/>	I personally like it, the service, food selection, staff is very polite and curtious.
1	1.00%	<input type="text"/>	I recently ate in the Hornets Nest for a donor meeting and the food was actually good. The food was horrible the last time I ate there several years ago. Good improvement. However, I think it would be beneficial to have a variety of daily options. What do you have to offer vegetarians? I saw tofu and a salad. What other meatless proteins? I love the big bowls. The tofu was good in a taco. The salad bar was fresh.
1	1.00%	<input type="text"/>	I think it is fair, it could definitely improve. I have noticed as a staff member, when attending events where food is served, there is a clear distinction between what foods are liked and what ones are disliked. w
1	1.00%	<input type="text"/>	I was there for a Hornet Connection day. I couldn't believe the lack of choices. The salad bar was the best thing there. The other choices were basically lasagna and pizza.
1	1.00%	<input type="text"/>	I wish there was more quality options that were taste-tested. I wish there was higher quality dressings for the salad bar. I also wish we had franchised brands (e.g., McDonalds, Wendy's, etc.) High pricing!
1	1.00%	<input type="text"/>	I've never attended Hornets Nest.
1	1.00%	<input type="text"/>	Improving, but still inconsistent. Attention to detail, signage, variety - all key components that must improve and that improvement must be sustained. Encouraged by new staff and hoping the GM, chef, etc. will remain in place.
1	1.00%	<input type="text"/>	It is fine. I have only had breakfast but have been satisfied with that.
1	1.00%	<input type="text"/>	It is often not very tasty, overpriced, and poorly made.
1	1.00%	<input type="text"/>	It is okay-options are good. Things are clean. I wish the dining hall was more accessible (open longer) for kids, especially for lunch. Music students have classes at the 11am hour and the noon hour and the 1pm hour. Having the dining hall open for the full hour at 1 and maybe the 2pm hour would help kids participating in Jazz band, choir, orchestra and percussion ensemble.
1	1.00%	<input type="text"/>	It is...not good.
1	1.00%	<input type="text"/>	It never looks appealing
1	1.00%	<input type="text"/>	It was mediocre at best. Quality seemed to pick up whenever there were Admission events.
1	1.00%	<input type="text"/>	It's fine if unexciting.
1	1.00%	<input type="text"/>	It's low quality Sodexo food with limited options.
1	1.00%	<input type="text"/>	It's nice.
1	1.00%	<input type="text"/>	It's not bad, but it's not good either. There's a lot of food that I would not touch even if I got in there for free, such as pasta (sticky, covered in oil) and pizza (greasy). I wouldn't pay the amount they charge at the door to eat their food.
1	1.00%	<input type="text"/>	It's used by a lot of people
1	1.00%	<input type="text"/>	It's not bad.
1	1.00%	<input type="text"/>	Its been terrible
2	2.00%	<input type="text"/>	Mediocre
1	1.00%	<input type="text"/>	Mediocre at best, reminds me of the trash the Army serves.
3	3.00%	<input type="text"/>	N/A
1	1.00%	<input type="text"/>	na
3	3.00%	<input type="text"/>	NA
1	1.00%	<input type="text"/>	Never been there
1	1.00%	<input type="text"/>	Never eaten there personally, but it has the same reputation of all campus dining halls-- carb and convenience food heavy
		<input type="text"/>	

1	1.00%	<input type="text"/>	None
1	1.00%	<input type="text"/>	Not a lot of variety
1	1.00%	<input type="text"/>	Not healthy, need more variety and quality
1	1.00%	<input type="text"/>	Not much variety
1	1.00%	<input type="text"/>	Not too much of a variety.
2	2.00%	<input type="text"/>	ok
1	1.00%	<input type="text"/>	Options are limited and service isn't as consistent.
1	1.00%	<input type="text"/>	Pretty basic. It's okay. Most of my opinion is from what students share. It can be a hit or miss most of the time.
1	1.00%	<input type="text"/>	Pretty good. Nice set of options. Could have more variety, more veggies.
1	1.00%	<input type="text"/>	Quality and variety is lacking. Students report that there are few vegetarian options and the options that are available are questionable at times.
1	1.00%	<input type="text"/>	Seems to be better but past experience was not impressed with the food being served. I've have found bread with mold.
1	1.00%	<input type="text"/>	The dining hall has a variety of choices, I have eaten there twice this year.
1	1.00%	<input type="text"/>	The food is fine. Nothing that I would go out of my way to eat but not bad to have if I need to eat on campus.
1	1.00%	<input type="text"/>	The food is okay. It's the same thing everyday it seems but I'm not over there all the time. The pizza is a hit. The salad bar is not very good.
1	1.00%	<input type="text"/>	The food is sub-par from other Universities. It's high school cafeteria food.
1	1.00%	<input type="text"/>	The food is very low quality, flavorless, and there appear to be few options for people with various dietary restrictions that are not boring and typical. Students hate eating there and drop their meal plans as soon as they're able to. Most sophomores and up from my dept only eat on campus if they don't have time to grab something off campus.
1	1.00%	<input type="text"/>	The food seems good in terms of variety and quality.
1	1.00%	<input type="text"/>	The hamburgers should be fresh off grill. Students would not mind waiting 5 more minutes. Then have them sitting on hot warmer for a long period of time. Pizza needs to be cook and not undercooked or burnt.
1	1.00%	<input type="text"/>	The only thing healthy is the salad bar. The hot meal selection is limited. There needs to be gluten free bread in the sandwich bar.
1	1.00%	<input type="text"/>	The overall quality of the food has declined
1	1.00%	<input type="text"/>	The pizza is good. The food served reminds me of my high school cafeteria.
1	1.00%	<input type="text"/>	The question I was hoping you would ask on the survey is in regards to the reception food service. If you were to ask this question this is my comment: The food is very expensive. We ordered \$200 of cheese and fruit and it was all piled on one tray when delivered. The website is hard to navigate and hard to cancel orders.
1	1.00%	<input type="text"/>	The sandwich, soup/salad area has good variety and is the best spot in my opinion. Seems a little small though. I do not eat in there very much.
1	1.00%	<input type="text"/>	The staff are nice, but the food seems/tastes very brown and serve. The pizza is hit or miss as well. It can be very good, or horribly overcooked. They also struggle at the cash register if you do not have a meal plan. I have been double charged using a credit card, I have been overcharged on multiple occasions when they were doing the Friday Staff staff specials. There was even one day when all I had was cash and they did not have the cashdrawer there yet.
1	1.00%	<input type="text"/>	The students report being underwhelmed and that the food options are boring and repetitive.
1	1.00%	<input type="text"/>	They are very strict with their rules and there is very little flexibility.
1	1.00%	<input type="text"/>	They do a fair job with food. The salad bar is GREAT!
1	1.00%	<input type="text"/>	They good some options, but some time is no food available
		<input type="text"/>	

1	1.00%		Too much poor quality junk food.
1	1.00%		Variety but the quality isn't what I might like
1	1.00%		Variety is great. Food is usually pretty good.
1	1.00%		Very bland. They end up serving the same thing everyday.
1	1.00%		Wide variety

Q5. What kinds of foods would you like to have in the Hornets Nest (dining hall)?

Count	Percent	
97	100.00%	<div></div>
Count	Percent	
1	1.03%	
1	1.03%	Students would like food that's healthier. More fruit/veg options. Vegan etc.
1	1.03%	A fresher salad bar
1	1.03%	An expanded salad bar. Healthy foods. Right now, it's a little greasy and salty for me.
1	1.03%	Bring back the Hornets Nest like we use to have.
1	1.03%	Bring back the Multiple restaurant days like it used to be. We have starbucks, we should be able to get other franchises too.
1	1.03%	Burgers and fries now work, but could do franchised, soup varieties, better dressings for salad bar, buffalo chicken, etc.
1	1.03%	burgers, pizza, taco's, mashed potatoes & gravy, sandwiches,
1	1.03%	combination of quick fast food and daily specials
1	1.03%	Consistent execution and more variety at pizza and grill station - as in surprise us more often with special dishes.
1	1.03%	do not care
1	1.03%	Fresh foods and more choices
1	1.03%	From my time as a student, I craved variety. I really enjoyed the 'international' days, and wished there were more, or a devoted section of the cafeteria that served different international foods.
1	1.03%	Gluten free foods that are labeled and provided with care to avoid cross contamination. I cannot eat at the dining hall due to severe gluten intolerance, lack of consistent food labeling, limited food options, and high risk of cross contamination.
1	1.03%	Good food
1	1.03%	Good vegetables, especially a salad bar. More limited options are fine if the food quality would improve.
1	1.03%	Grab and go healthy variety
1	1.03%	Healthier choices - and options for buying only a small portion. All you can eat is not a healthy option.
1	1.03%	Healthier foods then just cold salad bar. Less fried foods. Soups fresh fruits.
1	1.03%	Healthier options and a salad bar that is full of colorful vegetables
1	1.03%	healthy and better options
1	1.03%	Healthy food, fish,soup etc

1	1.03%	<input type="text"/>	healthy grab-and-go options.
1	1.03%	<input type="text"/>	healthy options - fresh fruits and veggies. Soups.
1	1.03%	<input type="text"/>	Homecooked meal dining style options, full salad bar
1	1.03%	<input type="text"/>	I do wish there were more vegetarian/ religious restricted diet foods more. Personally as someone who can only eat halal food/meat/certain cheeses only, the entire protein section is limited.
1	1.03%	<input type="text"/>	I don't eat there
1	1.03%	<input type="text"/>	I don't eat there enough to have an opinion.
1	1.03%	<input type="text"/>	I don't have any suggestions.
1	1.03%	<input type="text"/>	I don't know what i would add or take away. Summertime I am a sandwich or light foody type person, in the winter time I like a hot meal.
1	1.03%	<input type="text"/>	I don't know what there is now, unless an announcement like "guest Chef" is sent through Hornet announcements...
1	1.03%	<input type="text"/>	I feel as though there are many different options to pick from already.
1	1.03%	<input type="text"/>	I have only eaten there twice when I first started but was not impressed with the food and chose to spend my money elsewhere. I believe I have had pizza, salad, fries, and some sort of entree but I can't recall what it was now and all of it was pretty mediocre.
1	1.03%	<input type="text"/>	I honestly don't eat there much.
1	1.03%	<input type="text"/>	I like the pizza option, salad bar, and the grill (for hamburgers, grilled chicken/pork/beef)
1	1.03%	<input type="text"/>	I love that there is a good salad bar. I'd like more varied vegetarian options that aren't so dependent on tofu.
1	1.03%	<input type="text"/>	I think students like variety-I have heard this is the case in the Hornets Nest currently.
1	1.03%	<input type="text"/>	I think students would enjoy a diverse array of meals that fit specialized diets such as more vegetarian options and gluten free options.
1	1.03%	<input type="text"/>	I think the selection is pretty good, but they might want to avoid the more pungent foods. They did a cooked cabbage around St. Patrick's Day, the smell filled the room and I overheard a lot of students asking "what's that smell?" and "did a drain back up?"
1	1.03%	<input type="text"/>	I would like to have a wider variety of ethnic and cultural foods that you don't typically see. With so many exchange students I'm sure they would also appreciate something more than typical American fare.
1	1.03%	<input type="text"/>	I would like to see something that serves the student's desires. What I hear are that other campuses have taco bell and other fast food as well as a Chinese and other ethnic offerings from food chains.
1	1.03%	<input type="text"/>	I'd prefer to have franchise options to choose from in the memorial union, rather than Sodexo.
1	1.03%	<input type="text"/>	I've never attended Hornets Nest.
1	1.03%	<input type="text"/>	I've never been so do not know what they serve currently. Maybe indian food or other diverse options.
1	1.03%	<input type="text"/>	It would be great to have more fresh foods or vegetation options.
1	1.03%	<input type="text"/>	Just better quality. More diverse options and more flavors
1	1.03%	<input type="text"/>	Knowing what is being served would let me decide whether I want to purchase lunch or a special dinner meal.
1	1.03%	<input type="text"/>	Lots of options
1	1.03%	<input type="text"/>	Make sure there are vegetarian, vegan, and options for other dietary restrictions.
1	1.03%	<input type="text"/>	More choices
1	1.03%	<input type="text"/>	More diverse foods from different cultures.
1	1.03%	<input type="text"/>	More healthy food options. Better quality. Perhaps focus on fewer dishes but of better quality
1	1.03%	<input type="text"/>	More healthy options.

1	1.03%	<input type="text"/>	More international choices
1	1.03%	<input type="text"/>	More international food. Chinese, Italian (not bad pasta or pizza), Japanese, Mexican, etc.
1	1.03%	<input type="text"/>	More quick, grab and go options. When the pizza was available outside of the cafeteria, that was super handy for all of us to grab food and run to the next class/rehearsal etc.
1	1.03%	<input type="text"/>	More variety and fresh. Very little healthy options. Include a variety of cultures in the options.
1	1.03%	<input type="text"/>	More variety from more cultural backgrounds
1	1.03%	<input type="text"/>	More variety on the salad bar with more choices of non-creamy dressings. Consistently more soup and vegetarian/vegan options. It would also be great if everything didn't taste as though it came out of a bag and was premade - more fresh options. Even the lettuce tastes like it came straight out of a plastic bag.
1	1.03%	<input type="text"/>	More variety on the salad bar. Pho, Hibachi grill,
1	1.03%	<input type="text"/>	More variety or a planned menu for students and staff to plan on or expect
1	1.03%	<input type="text"/>	More vegan and vegetarian options that are high in protein such as beans and tofu.
1	1.03%	<input type="text"/>	More vegan options!! It is the year 2023 and vegan options run aplenty. There should be no reason why we don't have more vegan options for those of us with dietary restrictions.
1	1.03%	<input type="text"/>	n/a
7	7.22%	<input type="text"/>	N/A
2	2.06%	<input type="text"/>	NA
1	1.03%	<input type="text"/>	No opinion.
1	1.03%	<input type="text"/>	Not too sure
1	1.03%	<input type="text"/>	Omelets! They were here when I was a student, current students would love them.
1	1.03%	<input type="text"/>	Pizza (which you do). Fried chicken, mashed potatoes (no skin), more fruit options. Ice cream.
1	1.03%	<input type="text"/>	pizza, sandwiches, salad.
1	1.03%	<input type="text"/>	Please refer to the answer above. I would like more vegetarian options. They didn't have a veggie pizza. The pasta was cold by the time I sat down. I would like to see hummus offered.
1	1.03%	<input type="text"/>	Robust salad bar, vegetarian options, stir-fry
1	1.03%	<input type="text"/>	Rotisserie Style Chicken. Healthier meal options besides just the salad bar option.
2	2.06%	<input type="text"/>	Salad bar
1	1.03%	<input type="text"/>	Salad Bar, Fruit, Vegetables
1	1.03%	<input type="text"/>	Salad bar, taco/burrito bar, Mediterranean food such as falafel sandwiches, hummus and pita bread, etc.
1	1.03%	<input type="text"/>	Salads. I don't really have any changes, however.
1	1.03%	<input type="text"/>	smoothies
1	1.03%	<input type="text"/>	Sushi, stir-fry, fried catfish, wings, Thai, Japanese, Szechuan, Ethiopian, and German dishes.
1	1.03%	<input type="text"/>	The salad bar is good. Spicy Asian food would be good like a stir fry.
1	1.03%	<input type="text"/>	The variety seems fine. If I use the Hornets Nest, it is not to grab a complete entree with sides, but something a la carte.
1	1.03%	<input type="text"/>	There needs to be gluten free bread in the sandwich bar.
1	1.03%	<input type="text"/>	There was an omelet station when I was a freshman (2011). I really enjoyed that and would love to see it again.

1	1.03%	<div></div>	This doesn't concern me. It's not welcoming for employees.
1	1.03%	<div></div>	Variety
1	1.03%	<div></div>	variety and healthy
1	1.03%	<div></div>	We need more variety in our dining options, that can cater to all groups on campus.
1	1.03%	<div></div>	Would love to see a greater variety of alternatives(dairy free milks, gluten free, vegan or vegetarian, etc.).

Q6. What impression do you have of the food served in the Hornet Express?

Count	Percent		
98	100.00%	<div></div>	
Count	Percent		
1	1.02%	<div></div>	I cannot eat at the Hornet Express due to severe gluten intolerance, lack of consistent food labeling, limited food options, and high risk of cross contamination.
1	1.02%	<div></div>	Also not good, I have had the sandwiches and the veggie burger and again these were really really bad both in taste, quality, and health. It was flavorless and just felt like I was eating cardboard. The vegetarian options overall on campus are almost non-existent and what is available is so terrible I don't waste my money on it.
1	1.02%	<div></div>	basic fast-food; expensive
1	1.02%	<div></div>	Better then the nest.
1	1.02%	<div></div>	Can be pretty good. A quick option if not too busy. When busy, Grub hub is a detriment to walking in for a quick meal. Usually treat myself on Fridays with either a burrito, chicken sandwich or hamburger, depending on my desire.
1	1.02%	<div></div>	carb and convenience food heavy. not a lot of nutritional content
1	1.02%	<div></div>	Decent at times.
1	1.02%	<div></div>	Equally not good. Every time I have gotten a veggie burger, the bun is quite literally wet and soggy.
1	1.02%	<div></div>	expensive
1	1.02%	<div></div>	Fair variety, good quality, and fair price.
1	1.02%	<div></div>	Feels like it hasn't been really available so I haven't gone there much, but it's okay.
1	1.02%	<div></div>	Generally negative, but hopeful. It's been a road and sustained excellence is badly needed.
1	1.02%	<div></div>	Good
1	1.02%	<div></div>	Good quick basics, same consistent quality as Hornets Nest.
1	1.02%	<div></div>	Grill foods are grease and over cooked. Sub bread is hard most of the time. Maybe it's day old don't know. Need more healthier snacks to buy. Simply to go is most of the time out of food.
1	1.02%	<div></div>	high fat and carb heavy. Need more healthy and better options
1	1.02%	<div></div>	I appreciate the new options - but the price for sure doesn't match the taste. It's way too expensive for the lack of quality. And seriously, at the taco station - 3 free toppings, that's it????????
1	1.02%	<div></div>	I don't buy it because it doesn't look that great
1	1.02%	<div></div>	I generally can't eat anything there and what I have ordered was mostly cross contaminated with gluten, so there was a lack of education. Not many feasible options. There used to be burrito bowls, but then the prices went up significantly and the toppings were very limited, so it wasn't

			as good as it was before.
1	1.02%	<input type="text"/>	I generally would never go out of my way to eat there.
1	1.02%	<input type="text"/>	I had a burrito there the other day. I have had them before while it went by another name and became rebranded. I think the original was better, had more choices. On my last visit I did not like buying a \$6 burrito that was going to have dried/crusted beans. I was told more would be out in 15 minutes. I get the impression that regardless of the presentation, there was a strict "only replace at specific times" policy that needed to be followed. The beans needed thrown out then or cared for and not open to drying so fast.

1	1.02%	<input type="text"/>	I used to order a chicken sandwich on a regular (bi-weekly) basis, but stopped when the cooks started using chicken tenders in place of a chicken patty. Who does that? Makes for an unpleasant sandwich.
1	1.02%	<input type="text"/>	I'd rather spend my money elsewhere..
1	1.02%	<input type="text"/>	I've eaten in the Hornet Express once. The food was mediocre at best. It did not taste like anything special. I paid \$12 for a burger and fries. It was definitely not Express either. It took 20 mins to get a burger and fries. They also seem understocked on drinks and the chips/snacks they serve. I would not order a sandwich from hornet express when subway is literally across the street.

2	2.04%	<input type="text"/>	Inconsistent
1	1.02%	<input type="text"/>	It is a monopoly and negatively impacts recruitment and retention. It is also poorly staffed so there are very long waits and more often than not the workers seem agitated that you are there. I avoid it when I can. It also does not get the best impression to the faculty we invite on campus for interviews. More healthy options. A smoothie bar would be amazing.
1	1.02%	<input type="text"/>	It is improving in quality, but cost is high.

1	1.02%	<input type="text"/>	It is not healthy and more like a convince store. The food is also pricey if you are picking a premade salad
1	1.02%	<input type="text"/>	It seems way overpriced whenever ordering food to be catered for events. This puts a lot of strain on departments budgets whenever we have public events such as Art openings.

1	1.02%	<input type="text"/>	It's low quality Sodexo food with limited options, but with fake branding. Copying Subway's menu doesn't do anything for the quality. I used to

			eat there occasionally, but getting anything "to-go" became a challenge (I can't carry an open plate across campus) and it was very understaffed. They would advertise "specials" or limited-time sandwiches that were unique, but when you went to order it no one knew what you were talking about. You'd show them their own signage and they had no idea what it even was. This happened multiple times. That's when I stopped going altogether.

Q8. Do the dining hours meet your needs? (Please explain)

Count	Percent	
94	100.00%	

Count	Percent	
1	1.06%	 I think so
1	1.06%	 7:00-5:00. Mainly being able to grab a breakfast and lunch
1	1.06%	 Anytime works
1	1.06%	 Definitely not in the summer
1	1.06%	 ESU and Emporia needs a quality third place. A place where one can come after work / school to enjoy themselves.
1	1.06%	 For the most part - usually take lunch around 1:00 pm
1	1.06%	 For the most part, yes.
1	1.06%	 Hours would be okay in my opinion.
1	1.06%	 I am either eating early or eating late. Sometimes, often times, it is closed.
1	1.06%	 I don't really know
1	1.06%	 I think they do
1	1.06%	 I usually go to starbucks, so typically they do. For minute they didn't. Very thankful they figured it out. Truth be told, I usually get food there when they have it.
1	1.06%	 If the dining hall could be accessed between the hours of 6 AM - 8 PM i firmly believe the students would be more inclined to purchase a meal plan. Having limited hours of operation when students are in class, and such is not ideal. As a staff member I would be more inclined to purchase a meal plan or use our declining balance option as well!
1	1.06%	 It would be nice to have a wide variety of snacks to pick up, some healthy options, in the morning hours. Larger variety of drinks. Lunch time, maybe snacks in mid-afternoon. It would also be great to have something slimmed down in the summer so there are still some options. There are still several faculty and staff members on campus and it becomes a bit of a food desert in the summer.
1	1.06%	 Lunchtime could be extended after 1:30 pm
1	1.06%	 More variety of hours!
1	1.06%	 Mostly but I would like to see breakfast options
1	1.06%	 Mostly except for summer. There is still staff on campus.

4	4.26%	 N/A
1	1.06%	 N/A - I don't eat at the cafeteria
1	1.06%	 NA....
1	1.06%	 No I work nights. When I go to my lunch break everything closed. See students come in and there nothing open for them to get a meal. See cafe closing at 7pm. But to pay almost 10 dollars for food can not eat all you can. Hornet express open later and have the food areas open.
1	1.06%	 No, I am faculty but I teach late classes and my students who live on campus are forced to have dining dollars (not sure what they're actually called) and many complain about how it closes during our class so often they don't get to have dinner. I feel that it is essential to have the

			dining accessible at least an hour after the latest class on campus. It is not okay to force students to pay for a service which doesn't fulfill every meal if they need it to.
1	1.06%	<div><div></div></div>	no, they open later in the morning than is possible. Starbucks is a disappointment as it does not open until 9 or 10 most days.
1	1.06%	<div><div></div></div>	No. As stated above- the lunch times do not serve the students well. Longer lunch times (10:30-2:30) would be super helpful and would serve the student body better
1	1.06%	<div><div></div></div>	No. STARBUCKS should be open more. This is a HUGE draw. I can't let you how many people have been to campus specifically for it and it was closed.
1	1.06%	<div><div></div></div>	NO. I have a college freshman who was required to get a meal plan. She is an athlete and has a job. There is no option for a late dinner time or to take a dinner with her to her work or athletic event. We have given so much money to the food plan and got nothing in return. I am very upset and disgruntled about this. The hours and the rules benefit the pocket book of the food service and university and not our students. You can't claim that this is to help with food insecurity when you are not available for the food needs of the students.
1	1.06%	<div><div></div></div>	No. I work through lunch hours.
1	1.06%	<div><div></div></div>	No. I'd go to HX in the mornings for a lite breakfast occasionally, but it doesn't open soon enough. It would also be nice if Starbucks was open earlier or at least consistently at their advertised time.
1	1.06%	<div><div></div></div>	Not really but student needs are more important. I do wish they had a longer lunch time.
1	1.06%	<div><div></div></div>	Not really, I've been there early in the mornings and later in the afternoons and there were never anything opened.
1	1.06%	<div><div></div></div>	Not really. I totally understand staffing is becoming an issue, so this isn't as big of a deal since I can adjust what times I eat. But typically when I go to eat lunch, they have already closed or closed early because of staffing.
1	1.06%	<div><div></div></div>	Not when students are gone
1	1.06%	<div><div></div></div>	Only here during office business hours.
1	1.06%	<div><div></div></div>	Personally I don't use it daily but I know my friends who do usually need to skip out on dinner or lunch to attend classes that clash with the end of time sevice
1	1.06%	<div><div></div></div>	Students report frequently not being able to have lunch due to being in class during dining hall hours.
1	1.06%	<div><div></div></div>	The dining hall hours suck but I am staff and it doesn't effect me.
1	1.06%	<div><div></div></div>	The times of the dining center doesn't really impact me, but students tell me it is difficult sometimes because if they have classes all day and then a night class or student athletes that practice, sometimes they are rushing to dinner to make time and it's not the best by then or they miss it. Also on the weekend, 11am for breakfast/brunch is just lunch. A lot of students are up and moving around 10am.
1	1.06%	<div><div></div></div>	they do. I work first shift so they align well with my break times. I have even come in with my family to eat in the evening.
1	1.06%	<div><div></div></div>	unknown
1	1.06%	<div><div></div></div>	Yep
1	1.06%	<div><div></div></div>	Yep, they're good. I eat some breakfasts and often lunches at the caf, and I think the hours are good.

1	1.08%	<div></div>	Absolutely!
1	1.08%	<div></div>	Absolutely! I am a vegan, so I highly recommend that you add vegan options and not just vegetarian options.
1	1.08%	<div></div>	Any college campus that claims to support diversity and inclusion should make dining services inclusive to the range of dietary needs, both medical and cultural. I am severely gluten intolerant and require a gluten free diet, so yes, I would utilize gluten free food choices if they are provided in a way that limits cross contamination.
1	1.08%	<div></div>	As state above, it is very difficult to find these options on campus, especially as quick take away options. Sugar Free options- this is BIG. Lots of kids are diabetic.

1	1.08%	<input type="text"/>	No. I don't have reasons to specifically choose these options. I don't have dietary restrictions currently.

1	1.08%	<input type="text"/>	Probably -
1	1.08%	<input type="text"/>	There should be more options for those with dietary restrictions. If we are going to become a model university of accessibility, we absolutely need to rethink our dining services and who they serve.
1	1.08%	<input type="text"/>	Vegetarian for sure. Any healthier options.
1	1.08%	<input type="text"/>	Vegetarian options are essential! It would be amazing if the new food service provider would consider limited delivery options (limited to on-campus). I can't speak to my colleagues work schedules, but I RARELY have time to leave my building. Catering services, and training of catering staff, needs to be as important as food options. Events in the MU are often the face of ESU. Event participants and event organizers need to assume food preparation, taste, presentation, replenishment, labeling, clean-up, etc. will be professional!

1	1.08%	<input type="text"/>	Yes i would, I am not a vegetation, but during the summer I like light foods. I work out in the heat during the summer, heavy foods such as high carb meals weigh me down. I prefer light and high protein foods. During he winter I carb up.

1	1.08%	<input type="text"/>	YES! Many of the students in my dept are vegetarian/vegan or are gluten intolerant and the food prepared in the the Nest does not look as though it is prepared in a way to account for this.
1	1.08%	<input type="text"/>	Yes! Not just because of dietary restrictions, but because there are some foods that just take great that are in these categories and others.
1	1.08%	<input type="text"/>	Yes! Please provide more vegetarian and gluten free options!
1	1.08%	<input type="text"/>	Yes! Vegan and nut allergy, so it's safer/easier for me to skip the meal or go home
1	1.08%	<input type="text"/>	Yes, and so would our event attendees, and to have these menu items more thoughtfully done so it's not just a bowl of lettuce with tomato or rice pasta cooked to mush (previous experiences). I am faculty who wants to comment about needs for catering events, since we are required to use the University food service for on-campus events. It doesn't look like there will be a space to do that in this survey, so I'll do it here. We were upset this year with the quality of food (mushy pasta, sandwiches with ridiculously minimal filling, overcooked broccoli mixed in with fresher broccoli, rather obviously to extend leftovers) at a catered event that was important for showcasing not only our program but the Memorial Union and Emporia State University. In addition to the notably poor food quality, the service was nearly absent, and faculty found we needed to watch the buffet ourselves for plates needing to be refreshed as people stood patiently in line. At an evening meal for our conference, only a dishwasher (who was very polite and tried to be helpful but had minimal English) was available, and he had to go find someone who could help regarding items for the buffet which had been explicated in the contract. This took a considerable amount of time, and then the person he brought back didn't know either, and had to go find someone else. As another example, we suggested a window of 15 minutes in our program for servers to clear tables after we had lunched, because we were going to use the same room (Webb) for afternoon conference sessions. They apparently made their own decision that it was not a good time to clear because many people were still sitting there, so tables were cluttered with stacked dirty dishes for the entire afternoon as people tried to take notes, etc. I hope you will consider catering food and service as an important consideration in choosing the next provider. Events should be prioritized to showcase quality food (not leftovers from the week) and service. Finally, I will say that we are happy there will be a change!
1	1.08%	<input type="text"/>	Yes, daily veggies would be good (available at the grill like HuHot)
1	1.08%	<input type="text"/>	Yes, especially if they were high protein options.
1	1.08%	<input type="text"/>	Yes, high clean protein options would be great.
1	1.08%	<input type="text"/>	Yes, I think vegetarian options are often the better sounding meal to me.
1	1.08%	<input type="text"/>	Yes, I would like halal food but if not possible vegetarian food.
1	1.08%	<input type="text"/>	Yes, Several have dietary restrictions
1	1.08%	<input type="text"/>	Yes, vegan options
1	1.08%	<input type="text"/>	Yes, vegetarian options would be great
1	1.08%	<input type="text"/>	yes, vegetarian would be an option I would like.
1	1.08%	<input type="text"/>	Yes. As I age, my diet has changed to maintain energy levels to perform the best I can at work.
1	1.08%	<input type="text"/>	Yes. Having a variety of options is nice depending on how you're feeling
1	1.08%	<input type="text"/>	Yes. Healthy options are great.
1	1.08%	<input type="text"/>	Yes. I eat everything, but I love more vegetarian/vegan options. Delicious, plus I struggle to get enough protein/fiber/veggies in my diet outside of the caff.
1	1.08%	<input type="text"/>	Yes. I enjoy the flavorful, imaginative vegan dishes they offer - but need better signage on ingredients and need to replenish when the small dishes are empty (which happens often - station is empty/out of product).
1	1.08%	<input type="text"/>	Yes. I have a gluten sensitivity, so to maintain my health, I can only eat gluten free foods. Catering for faculty trainings, etc, is pretty abysmal when it comes to this. I've been given a plain caesar salad every lunch, and every catered breakfast, I drink coffee and usually eat nothing (there is sometimes fruit provided, but fruit is another food I have to avoid since I have IBS). I have religious dietary restrictions that forbid pork and shellfish, so this makes my options rather limited, and I appreciate any clear labelling of food options. As a student, I remember pork hotdogs were substituted for the "All Beef" hotdogs without changing the label; this was a huge oversight, in my opinion.
1	1.08%	<input type="text"/>	Yes. I'm not vegetarian but frequently eat vegetarian as these options are often better than the non-vegetarian ones.

1	1.08%	<input type="text"/>	Yes. You shouldn't be asking people to "explain" their health history, if they say they require alternatives, provide them. And give them options that actually taste good.
1	1.08%	<input type="text"/>	Yes...
1	1.08%	<input type="text"/>	Yup
