This is a sample four-year schedule for a Theatre major just entering ESU that ensures completion of the general education and theatre requirements with the 124 hours required to graduate, including 45 hours numbered 300 or above. The credit hours will be in parentheses next to the course. Note that “Upper Division Elective” courses must have a 300 or above course number in order to meet the 45 hour requirement of 300+ level courses.

*General Education courses are flexible in course selection and timing

**Please Note: You will choose between TH454 and TH 457; TH 390 and TH 391. You must take one during a semester that works for you. To complete the number of hours required for graduation, you’ll need to choose an elective in the alternate semester.
