As a way of encouraging and rewarding student interest in research, The Teachers College annually recognizes students at the undergraduate and graduate level who demonstrate an interest and competence in conducting research.

The Student Research Awards are presented at the spring honors banquet to the writers of outstanding undergraduate and graduate research projects. Up to two awards to students at the undergraduate level and up to two awards to students at the graduate level may be presented.

The awards will be presented at The Teachers College Honors Banquet, Friday, May 6, at 6:30 p.m. in the Memorial Union’s Webb Hall. It will be an opportunity to recognize December 2015, May 2016, and summer 2016 graduates of The Teachers College who have achieved a high level of success, as well as the recipients of the special division awards for outstanding achievement and student research award winners.

Applicants may be self-nominated or nominated by another student or faculty member. An application for the Student Research Award is attached or may be downloaded at http://www.emporia.edu/teach/faculty/ and http://www.emporia.edu/teach/current-stus.html.

Applications are due by 5:00 p.m., March 25, 2016. Send applications to Lucie Eusey, Campus Box 36 (allow two days for delivery) or drop off applications at the Jones Institute for Educational Excellence, The Earl Center, Room 124.
