Courses Requiring Permission to Enroll

Courses such as independent study, projects, research, thesis, etc., may REQUIRE permission of the department chair or instructor before students enroll. Students must contact the appropriate department to secure permission to register for these courses. These classes are indicated with a “Y” to the left of the course prefix, double section letters beginning with the letter “P”, and an appropriate note such as "permission," "consent," etc., in the prerequisite column.

Registration Procedures for Currently Enrolled Students
(Students not advised in SAC)

1. Meet with your advisor and discuss your schedule of classes for the summer semester and enroll. You may be given a PIN to enroll yourself through your Buzzin account. An advisor may opt to assist you with enrolling rather than providing you with your PIN to enroll yourself. Remember all enrollment holds must be satisfied prior to class registration.
2. If you have problems with your enrollment the Registration Office will assist you.
3. Update your student information through your Buzzin account, including your mailing address and cell phone number.

STUDENTS WHO WISH TO ENROLL IN DISTANCE EDUCATION COURSES

Courses offered through the Distance Education are identified by “X” or “Z” as the first of two section letters following the course number. The “X” designates graduate level credit and the “Z” indicates undergraduate level credit. Only personnel in the Distance Education office may enroll students in these courses. Students wishing to enroll in courses identified in this way should go to that office located in room 315, Plumb Hall. Or, students may call the Distance Education office for enrollment information at 620/341-5385, toll free at 877/332-4249, or go to the following web site:

SPECIAL UNDERGRADUATE STUDENTS

The special undergraduate student classification is for individuals without bachelor’s degrees who take a few college courses without the intention of counting the credits toward a degree at Emporia State. A special undergraduate student may not normally enroll in more than ten credit hours in one semester or summer session. Exceptions to this policy may be granted by the university registrar. If, after time, the student is admitted to undergraduate study, the application of all credit earned while enrolled as a special undergraduate student toward fulfilling degree requirements will be determined after the student becomes a candidate for a particular degree.

Persons most frequently seeking the special undergraduate student classification include the following:
1. Those wishing to take a few courses only for the sake of enjoyment or personal improvement.
2. Students who are enrolled in another college (the parent institution) and wish to earn credit at Emporia State to be counted at the parent institution.
3. Persons enrolling in workshops, seminars, summer camps and summer Suzuki institutes. Field based courses are excluded.
4. Students who have been required to withdraw from the university may not be classified as special undergraduate students.

Students who wish to attend ESU as a special undergraduate student, should complete and return (plus a $10 processing fee) a Special Undergraduate Student Application for Admission form to the Admissions Office, Box 4034, 1200 Commercial, Emporia, KS 66801-5087. Requirements for other admission materials such as ACT scores or college transcripts are waived for special undergraduate students. Financial aid is not available for special undergraduate students. Students with questions may call (620) 341-5465 or 1-877-GO-TO-ESU (468-6378).

**CONCURRENT UNDERGRADUATE STUDENTS**

Students who are enrolled in high school and wish to take courses as a part-time student may not normally enroll in more than 10 credit hours in one semester or summer session.

The application of all credit earned while enrolled as a concurrent undergraduate student toward fulfilling degree requirements will be determined after the student has been admitted to the university and becomes a candidate for a particular degree.

Students who wish to enroll as a concurrent undergraduate student should complete and return (plus a $10 processing fee) a Concurrent Undergraduate Student Application for Admission form to the Admissions Office, Box 4034, 1200 Commercial, Emporia, KS 66801-5087. Financial aid is not available for concurrent students. Students with questions may call (620) 341-5465 or 1-877-GO-TO-ESU (468-6378).

**READMISSION**

Students who were required to withdraw the last time they attended ESU, or students returning to ESU after a semester or more absence, should go to the Registration Office, 108 Plumb Hall, to process a readmission form. The Registration Office will determine the student's previous advisor. Freshmen and undeclared upperclassmen will be advised by the Student Advising Center, 106 Plumb Hall.

Students who have been required to withdraw may not be reclassified as "special undergraduate students."

**CREDIT HOUR LOAD**

The normal credit hour load is considered to be one credit hour per week of attendance. Students with outstanding academic records may petition to exceed these limits. (See "Overload" procedure, below).

**OVERLOAD**

Overload permit forms are available in the Registration Office, 108 Plumb Hall. An overload form must be processed before enrolling in the class or classes that constitute the overload. This form must be signed by the student's advisor and the department chair of their major. Graduate students need signatures of their advisor, the department chair, and the dean of the college/school.

**POLICY ON ADDING, DROPPING, AND WITHDRAWING FROM SUMMER CLASSES**

**Adding Classes** --
The instructor's and advisor's signatures are required to add a class after the second class meeting.

**Dropping Classes** --
When a class is dropped there is no record of that class on the academic transcript. The length of the drop period in summer school varies with the length of the course. The schedule for dropping a class is:

<table>
<thead>
<tr>
<th>Length of Class</th>
<th>Drop by:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-2 weeks</td>
<td>End of 2nd day of the class</td>
</tr>
<tr>

</tr>
<tr>
<td>4 weeks</td>
<td>End of 4th day of the class</td>
</tr>
<tr>
<td>5-11 weeks</td>
<td>End of 1st week of the class</td>
</tr>
</tbody>
</table>

**Withdrawing from Classes** --
Withdrawing from a class will result in a "W" for that course on your academic transcript. The length of time to withdraw from a summer school class varies with the length of the class. The schedule for withdrawing from a class is:

<table>
<thead>
<tr>
<th>Length of Class</th>
<th>Withdraw by:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 3 weeks</td>
<td>Up to the last scheduled day of the class</td>
</tr>
<tr>

<td>End of the 5th week of the class</td>
</tr>
<tr>
<td>8 weeks</td>
<td>Monday of the 6th week of the class</td>
</tr>
<tr>
<td>9 weeks</td>
<td>End of the 6th week of the class</td>
</tr>
<tr>
<td>10 or more weeks</td>
<td>Wednesday of the 7th week of the class</td>
</tr>
</tbody>
</table>

**AUDITING OR VISITING A CLASS**

Students who wish to take a course but do not need or want the credit to be counted toward degree requirements may "audit" that course. The student must secure the instructor's permission and inform the Registration Office during the first ten days of classes, or prior to the first day of the class when it is less than one semester in length. Students must pay the same fee for auditing a course as would be paid for taking the course for full credit. (Residents of Kansas who are 60 years of age or over may audit classes free of charge. For more information, see "Fee Waiver for Persons Age 60 or Over" located in the fee section of this schedule.) Students should consult their academic advisor before signing up to audit a course.

**Courses Requiring Permission to Enroll**

Courses such as independent study, projects, research, thesis, etc., may REQUIRE permission of the department chair or instructor before students enroll. Students must contact the appropriate department to secure permission to register for these courses. These classes are indicated with a "Y" to the left of the course prefix, double section letters beginning with the letter "P," and an appropriate note such as "permission," "consent," etc., in the prerequisite column.

**CREDIT BY EXAMINATION**

Students may earn credit by examination in a number of departments of the university. Information should be obtained from the department concerned or from the Office of the Registrar.

"PASS-NO-CREDIT" GRADING

Students may enroll in certain courses under the pass-no-credit option. This means that the grade which the student receives for the course will be either "P" for passing, or "N" meaning no credit.
This option is limited to certain courses and students may not take courses in their major, minor, or teaching field under this option. Required general education courses are also excluded from this option. Students should consult their academic advisor before enrolling in a pass-no-credit option.

Grades in certain other courses are recorded as pass or no credit for all students enrolled. Such grading practices are in courses designed by the department and approved by the University.

Interested students should inquire within the first five days of classes in the Office of the Registrar concerning full details of this grading option.

INCOMPLETE GRADE POLICY

Except for graduate research, thesis or the equivalent, all "incomplete" work must be finished by the end of the following full semester (summer sessions are not considered a full semester for purposes of this deadline). Individual instructors may establish earlier deadlines or grant one semester extension for completion of the work. Students who do not complete the unfinished work by the end of the following semester or the established deadline will have the grade of "F" entered on their transcript and will be required to re-enroll to earn credit in the course. Students who receive federal financial aid should consult the current satisfactory academic progress policy concerning the treatment of "incomplete" grades. The policy is online at www.emporia.edu/finaid.

COMPETENCY EXAMINATION REQUIREMENT
All students seeking a baccalaureate degree from Emporia State University must demonstrate competency in reading, writing, and mathematics.

Teacher candidates seeking a degree in elementary, the Collegiate Assessment of Academic Proficiency (CAAP) or the Praxis-CORE test before admission to the teacher education program. Please contact your education advisor for questions regarding testing options. A candidate who passes two test areas but scores below the cut-off score in one test area—mathematics, reading, or writing—may be considered for the CAAP/Praxis-CORE Window. Window criteria are as follows:
- Candidates must have taken the CAAP/Praxis-CORE once.
- Candidates must be within two points of the standardized CAAP/Praxis-CORE cut-off score.
- If the above two criteria apply, then candidates may use alternative ways (see non-teaching degree options 2-6 to the competency examination requirement listed below) to meet the Phase I or Block requirement for the Teacher Education Program at Emporia State University.

Teacher candidates should take the examinations during their sophomore or junior year. Standards for passing the examinations have been established by the Council on Teacher Education and are not necessarily the same as those for non-education majors. There is no limit to the number of times a candidate may take the examinations. Non-teaching degree students have several options for fulfilling the competency examination requirement as listed below.

1. Students may pass the reading, writing, and mathematics sub-tests of the Collegiate Assessment of Academic Proficiency (CAAP), Praxis-CORE, or any other nationally standardized examination for which there is a published concordance with the CAAP. If the standardized examination does not have a reading component, the student's ACT scores will substitute for the CAAP.

2. The writing portion of the requirement may also be fulfilled in any of the following ways:
   - Earning a grade of “A minus” or higher in EG 102 (Composition II) in a resident, on-campus class.
   - Earning a grade of “A minus” or higher in a course equivalent to EG 102 from another accredited university or community college.
   - Earning a grade of “B” or higher in EG 104 (Honors Composition II) or in EG 301 (Advanced Composition).
   - Receiving credit by examination for EG 102.

   Meet the passing score requirements for ESU on the Compass, GRE, IELTS, G-MAT or TOEFL. Official scores must be on file with ESU in order to receive these forms of test exemptions.

3. The mathematics portion of the requirement may also be fulfilled in any of the following ways:
   - Earning a grade of “A minus” or higher in MA 110 (College Algebra) in a resident, on-campus class.
   - Earning a grade of “A minus” or higher in a course equivalent to MA 110 from another accredited university or community college.
Earning a grade of “C” or higher in any approved general education mathematics course beyond MA 110 or MA 112 Trigonometry.

Receiving credit by examination for either MA 110 or MA 161.

Meet the passing score requirements for ESU on the Compass, GRE, IELTS, or G-MAT. Official scores must be on file with ESU in order to receive these forms of test exemptions.

4. The reading portion of the requirement may also be fulfilled in any of the following ways:

   Receiving a reading score of at least 18 on the ACT Assessment.
   Receiving an equivalent score on any test for which there is a published concordance with the ACT.
   Earning a “B minus” or higher (or credit by examination) in each course used to meet the general education requirements.

Meet the passing score requirements for ESU on the Compass, GRE, IELTS, G-MAT or TOEFL. Official scores must be on file with ESU in order to receive these forms of test exemptions.

5. International students may take the Test of English as a Foreign Language (TOEFL) as an alternative to the reading and writing exams. The passing score is the cutoff value (now 550) that the Institution uses to allow International students to enter graduate school without further testing of their language skills. To fulfill the mathematics requirement, students must earn a grade of "A minus" in MA 110 (College Algebra) or a grade of "C" or higher in any approved mathematics course beyond MA 110, College Algebra.

6. Those students who are unable to fulfill the requirement in any of the above ways and who have taken the CAAP/Praxis-CORE testing and are not an education major may attend the reading, writing and/or mathematics labs. In the lab, students will be given an opportunity to practice necessary skills and pass a lab test as a substitute for the CAAP/Praxis CORE tests. Passing scores in lab tests fulfill the competency exam requirement.

   Students who qualify for competency exemption options 2, 3, 4, or 5 must confirm exemptions with their advisors who will then confirm with the Office of Institutional Research & Assessment (620-341-5103). Students should determine exemption status with their advisor prior to enrolling for CAAP courses. Advisors and students may also consult with the office or can make exemption inquiries via e-mail (bnichols@emporia.edu).

   Students will be notified about the need to enroll in CAAP testing courses by e-mail prior to open enrollment dates each semester. This notification will be sent out by the Office of Institutional Research and Assessment. Students should enroll in CAAP courses immediately after completing coursework for Composition II (EG102) and/or College Algebra (MA110), if grades of A or A- are not achieved. Students transferring in coursework for these two subjects should enroll in CAAP courses, if transfer coursework grades were not in the A or A-grade range. Students who haven’t met exemptions for the Reading competency should enroll in the CAAP course no later than their junior year of study.

Students registered with the Office of Disability Services (who are enrolled for CAAP testing) must contact the Office of Disability Services to coordinate their CAAP testing. Students should contact the Office of Disability Services at least two weeks prior to the scheduled testing date to make arrangements.

NOTE: For more information, contact the Office of Institutional Research & Assessment at 620-341-5103 or for further testing dates and information, please visit, www.emporia.edu/oira
