Mission Statement

The College of Liberal Arts & Sciences provides academic programs that prepare our students to be knowledgeable citizens of the 21st century and empower them to meet the challenges of a rapidly changing world. The College also advances scholarly and creative endeavor through leading-edge research and artistic production. Faculty and staff use this research and creativity to enhance undergraduate, graduate, and professional education, and to provide a wide range of services to the people of Iowa, the nation, and the world. The College conducts its activities in, and serves as a model for, a culturally diverse, humane, technologically advanced, and globally conscious environment.

To further its mission, the Strategic Plan of the College of Liberal Arts & Sciences sets out strategies in vital areas: (1) the value of its undergraduate education, (2) diversity and globalization, (3) the value of its graduate and professional training programs, (4) support for excellent research, scholarship and artistic creation, and (5) service to the community and the State of Iowa.

GOAL I

Provide students a rich and challenging experience in General Education and in the undergraduate major.

Strategy 1: Maintain a high-quality learning experience for
Strategy 1: Maintain a high-quality learning experience for undergraduates.

- Continuously explore, implement, and assess new ways of teaching and learning.
- Increase student awareness of Study Abroad, service learning, and Honors opportunities.
- Enrich students’ opportunities to develop skills as writers.
- Achieve a balance of course sizes appropriate to the discipline and the level of the course.
- Establish an Instructional Technology Student Fee to provide students with technological resources appropriate to a high quality education.
- Work with the UI Foundation to increase scholarship aid.

Strategy 2: Improve the academic experience for first-year students.

- Enlarge the First-year Seminar Program.
- Ensure course availability for first-year students in entry-level General Education courses.
- Implement an enriched summer-session program for entering first-year students, working with the Provost’s Office, Residence Services, and the Office of Admissions.

Strategy 3: Continue to integrate our research and teaching missions.

- Increase student access to faculty-taught courses.
- Promote Honors pro-seminars, capstone courses in majors, and senior theses.
- Increase opportunities for undergraduates to partner with faculty in research through cooperation with the Center for Undergraduate Research and its associated programs.
- Increase extramurally funded support for undergraduate research.

Strategy 4: Set an agenda for the CLAS Admissions Committee to clarify expectations for first-year students and transfer students.

- Work with the Provost’s Office on creative approaches to admissions that raise standards and incoming student skills.
- Review and update the high school course requirements for admission to the University.
- Work with the Provost’s Office to review and update matriculation agreements with community colleges.

GOAL II

Promote excellence in education by increasing the diversity of the faculty, staff, and students.

Strategy 1: Implement the recommendations of the Advisory Committee on African American Studies (2005).
- Strengthen the African American studies curriculum.
- Create a cluster of new faculty appointments in disciplinary departments that will support the teaching of courses in African American studies, race, and diversity.
- Establish a new unit in African American studies.
- Create a center for the in-depth study of a topic in African American studies.

**Strategy 2: Expand opportunities for faculty and staff to learn the skills and knowledge necessary to work and live in a diverse, multi-cultural society.**

- Create mechanisms for coordination, cooperation, and mutual learning across departments regarding diversity in recruitment, retention, and professional development.
- Publicize and encourage faculty and staff participation in promoting excellence through diversity.

**Strategy 3: Expand opportunities for students to learn the skills and knowledge necessary to work and live in a diverse, multi-cultural society.**

- Fully implement the cultural diversity area of the General Education Program.
- Provide undergraduate concentrations in ethnic studies and in multi-cultural awareness.
- Create a center that will stimulate research relevant to multi-cultural awareness and promote undergraduate and graduate student participation in these endeavors.
- Develop tutorials and mentoring programs for minority undergraduates, with the help of faculty and graduate students.

**Strategy 4: Continue to focus on recruitment and retention of excellent and diverse student, staff, and faculty populations.**

- Strengthen ties between CLAS departments and the Office of the Associate Provost for Diversity, the Office of Admissions, and the Office of Student Services.
- Continue to partner with the Graduate College in recruiting, retaining, and graduating a diverse graduate student body.
- Increase the representation of women and members of underrepresented ethnic minorities in all disciplines and at all ranks in both faculty and staff positions.
- Promote diversity-oriented approaches in staff searches at all levels, including representation of minorities on search committees.

**GOAL III**

Advance the research and scholarly enterprise and cultivate excellent graduate and professional programs.

**Strategy 1: Increase funding for scholarly/creative activity.**
