SUGGESTED COURSE SEQUENCING for a M.S. in CLINICAL PSYCHOLOGY

This is a potential 2-year schedule for an incoming Clinical Psychology graduate student entering ESU with no incoming transfer credit. Any undergraduate deficiencies would need to be completed concurrently with the course sequencing below. Course credit hours are listed in parentheses below.

FALL SEMESTER I (12 hours)  
PY 841 Assessment of Intelligence (3)  
PY 847 Techniques of Psychotherapy (3)  
PY 807 Projective Assessment & MMPI (3)  
PY 806 Personality Assessment & Clinical Report Writing (3)

SPRING SEMESTER I (12 hours)  
PY 827 Seminar in Psychopathology (3)  
PY 849 Ethics and Professional Practice (3)  
PY 846 Culture, Assessment, and Treatment (3)  
PY 848 Family & Group Systems Psychotherapy (3)

SUMMER SEMESTER I (9 hours)  
500+ level Approved Clinical Elective course (3)

FALL SEMESTER II (9 hours)  
ER 851 Research Design and Writing (3)  
PY 858 Interdisciplinary Referral and Collaboration (3)  
PY 859 Clinical Internship (on-site) (3)

SPRING SEMESTER II (9 hours)  
PY 851 Behavior Modification (3)  
ER 857 Statistics Methods for Education and Psychology II (3)  
PY 859 Clinical Internship (on-site) (3)

SUMMER SEMESTER II (9 hours)  
500+ level Approved Clinical Elective course (3)

Clinical Elective Courses  
Students may choose from a variety of courses related to Clinical Psychology, both from within the Psychology Department and from related departments such as Clinical Counseling or Rehabilitation Counseling. These courses must be approved by their advisor ahead of time and include at least 9 hours of a scientific nature.

Students often take the Clinical Elective courses during their two summer semesters, but they can (optionally) add some of them in with their normal Fall and Spring course load (creating a heavier Fall/Spring load and lighter Summer load).

Students pursuing the Thesis option will take 5 thesis hours as part of their Clinical Elective courses

NOTE: A Clinical Psychology M.S. degree is 60 hours; up to 12 graduate credit hours may be transferred in from other universities.
