Emporia State University Supervisor Assessment of Student Teacher or Intern Grading Procedures

The indicators used on the Emporia State University Student Teacher/Intern assessment form assess the culminating phase of the pre-service experience and have been aligned with the Teachers College Conceptual Framework and state professional standards. Students are expected to engage in effective practice, respond to uncertainty and change, apply interdisciplinary knowledge, rely on self-reflection, provide service to society, and belong to professional community. Student teachers/interns will be assessed according to their levels of achievement and provided with written documentation regarding their progress.

When marking an indicator, the cooperating teacher(s), mentor(s) and university supervisor(s) will mark: Target, Acceptable, Needs Improvement, or Not Applicable.

- **Target** - Demonstrates implementation of the indicators at the level of a successful beginning teacher.
- **Acceptable** - Demonstrates implementation of the indicators as would be expected for a student teacher.
- **Needs Improvement** - Demonstrates a lack of knowledge and/or ineffective implementation of indicators.
- **Not Applicable** - Is marked only when the indicator is not observed in the lesson. It is not to be used to communicate that a student teacher is not yet teaching or is teaching using the teachers' lesson plan or a scripted plan.

The following explanations provide a detailed definition of student teacher performance levels:

**Target** – The student teacher/intern clearly demonstrates implementation of a majority of the indicators at the level of a successful beginning teacher. Examples should be provided in the Comment section. Few problems occur. He/She is self-directed and always assumes responsibility. The student teacher/intern is very successful, demonstrating exceptional skills, and earns from 70 to 100 points.

**Acceptable** – The student teacher/intern clearly demonstrates implementations of a majority of the indicators as would be expected for a student teacher, who is still learning. He/She usually assumes responsibility and successfully demonstrates effective skills. The student teacher/intern is readily aware of problems, and those problems are usually corrected by the student teacher/intern. Sometimes he/she is self-directed.

**Needs Improvement** – The student teacher/intern demonstrates lack of knowledge and/or ineffective implementation on a substantial number of indicators. The student teacher/intern is not routinely aware of difficulties and demonstrates ineffective skills. The person seldom assumes responsibility.

**Not Applicable** – Is marked only when the indicator is not observed in the lesson. It is not to be used to communicate that a student teacher is not yet teaching or is teaching using the teachers' lesson plan or a scripted plan. This category should not be consistently marked.

The scale below indicates the number of points required to earn a specific at the end of the semester:

Target = 2 points per indicator  
Acceptable = 1 point per indicator  
Needs Improvement = no (0) points  
Not applicable = no points gained or lost. If “Not Applicable,” the total number of indicators used to compute percentages will be reduced accordingly.
