## Schedule of Course Offerings

### COURSES OFFERED EACH SEMESTER

**BO 212-213** Biology of Plants & Lab  
**GB 425** General Genetics  
**EB 480** Principles of Ecology  
**GB 470/770/771** Undergrad & Graduate Seminars  
**EB 481** Field Ecology  
**MC 316-317** Microbiology & Lab  
**GB 100-101** General Biology & Lab  
**GB 140-141** Principles of Bio. & Lab  
**ZO 214-215** Biology of Animals & Lab  
**ZO 362-363** Human Anat. & Phys. & Lab  
**GB 480** Senior Experience in Biology  

**BO 542-543** Plant Taxonomy & Lab  
**MC 765** Advanced Biotechnology Lab  
**EB 351** Intro Geospatial Analysis  
**ZO 515-516** Vertebrate Structure & Dev. & Lab  
**MC 520** Molecular Genetics  
**ZO 556-557** Natural History Vertebrates & Lab  

**GB 170** Honors Biology & Lab  
**GB 750** Research Design & Analysis  
**GB 426** General Genetics Lab  
**MC 540** Cell Biology  
**GB 584** Teach Biology in HS/MS  
**MC 549-550** Immunology & Lab  

### COURSES OFFERED EACH SPRING

**BO 542-543** Plant Taxonomy & Lab  
**EB 351** Intro Geospatial Analysis  
**GB 750** Research Design & Analysis  
**GB 426** General Genetics Lab  
**MC 520** Molecular Genetics  

### COURSES OFFERED EACH FALL

**GB 170** Honors Biology & Lab  
**GB 426** General Genetics Lab  
**GB 584** Teach Biology in HS/MS  

### COURSES OFFERED IN ODD-NUMBERED YEARS

**Spring**  
**BO 750-751** Plant Anatomy & Phys. & Lab  
**EB 538** Natural Resource Policies  
**MC 459/859** Special Topics:Cancer Biology  
**ZO 472/872-473/873** Ichthyology & Lab  
**ZO 762** Environmental Physiology  
**ZO 459/859** Herpetology & Lab  

**Fall**  
**BO 430** Economic Botany  
**EB 459** Marine Biology  
**EB 496/896** Stream Ecology & Lab  
**MC 459/859** Molecular Tech. for Field Bio.  
**ZO 440/840-441/841 Entomology & Lab  
**ZO 490/890-491/891 Mammalogy & Lab  
**ZO 760** Endocrinology  

### COURSES OFFERED IN EVEN-NUMBERED YEARS

**Spring**  
**GB 459** Tropical Field Ecology  
**GB 409/725** Evolution  
**EB 341** Wetland Environments  
**EB 474/874-475/875 Fisheries Mgmt. & Lab  
**GB 539** Soil Science & Lab  
**ZO 530-531** Animal Behavior & Lab  
**ZO 570** Mammalian Physiology  
**ZO 480/880-481/881 Ornithology & Lab  
**MC 562-563** Pathogenic Micro. & Lab  

**Fall**  
**BO 338-339** Trees & Shrubs & Lab  
**EB 710** Conservation Biology  
**GB 510-511** Aquatic Biology & Lab  
**EB 536-537** Wildlife Mgmt. & Lab  
**ZO 717** Comparative Animal Physiology  
**ZO 546-547** Invertebrate Zoology & Lab  

### COURSES OCCASIONALLY OFFERED ON DEMAND OR IN SUMMERS

**BO 552-553** Plant Kingdom & Lab  
**MC 459/859** Bioinformatics  
**ZO 565-566** Histology & Lab  
**GB 102** General Biology: Field Biology  
**GB 459/859** Great Plains Biology: Special Topics  

**Spring**  
**GB 459/859** Humans & the Environment  
**GB 459/859** Human Cadaver Dissection  
**GB 459/859** Field Zoology Techniques  
**GB 459/859** Intro to Systematics  
**GB 459/859** Human Developmental Biology  

### NOTES

*Courses are subject to cancellation due to low enrollment.*  
*Other “Special Topics” may be available in all biology areas at both undergraduate and graduate levels.*  

(revised - 10 September 2012)
