## 1.3 2017-2018 Costs

### Cost of Attendance

The Federal Government requires that Financial Aid Offices establish a cost of attendance (COA) in calculating your eligibility for need-based aid programs. The cost of attendance is also referred to as a budget. Student budgets are differentiated by residency (Kansas resident, NEARR resident [Nebraska, Colorado, Oklahoma, Missouri, and Texas], and non-resident), classification (undergraduate or graduate) and enrollment (full-time, three-quarter-time, half-time, less than half-time – see section 1.4). The standard components of the budget consist of a combination of your direct costs (tuition and fees, room and board, books and supplies) and indirect costs (transportation, miscellaneous expenses, and loan fees). Indirect costs are considered indirect as they are dependent on other factors. For instance, while average loan fees are always included in your budget, this indirect costs' impact on you is dependent on whether or not you decide to accept a loan.

Financial aid budgets are determined by using estimated tuition and fees, room and board based on a two-person residence hall room and a full meal plan rate, and an estimate for books based on information from the bookstore that has a contract with ESU. Transportation allowances are an estimate of expenses directly related to education and are not intended to cover all day-to-day transportation costs. Miscellaneous expense is to provide some assistance with living expenses other than those already provided for in the room and board allowance. Loan fee allowances are an average of the fees paid by borrowers in the preceding year. Actual expenses may vary somewhat from student to student.

The total academic year (fall and spring) budgets for full-time undergraduates and graduates are listed below.

	Resident & Corky Plus	NEARR Resident	Non-Resident	Non-Resident SLIM
Undergraduate	\$19,626	\$22,068	\$32,844	N/A
Graduate	\$19,096	\$21,346	\$28,474	\$25,248

In certain circumstances, an individual budget increase can be considered at the discretion of the Office of Financial Aid, Scholarships, & Veterans Services. Budget increases can be considered for child care expenses, excessive out of pocket medical expenses, one time computer purchase, and some other limited excessive student expenses. A request for a budget increase does not guarantee that it will be approved or that the student has additional funding eligibility.

For more information on the cost of attendance, please contact the Office of Financial Aid, Scholarships, & Veterans Services.

### Net Price Calculator

The 2008 Higher Education Opportunity Act (HEOA) requires that institutions provide a Net Price Calculator to estimate what a student's typical out-of-pocket expenses might be if they attended the institution based on data from current attending students. Please note that Net Price Calculators are estimates and should not be used for actual awarding, final determination, or final net price information.

A Net Price Calculator is available for public use and is posted at:

<http://www.emporia.edu/finaid/consumer-information.html>

## **Overaward Policy**

An overaward is financial aid that exceeds a student's financial need and/or cost of attendance. When a student receives federal and/or state aid, Emporia State University is required to adhere to all associated regulations. When the Office of Financial Aid, Scholarships, & Veterans Services identifies an overaward, adjustments will be made to the student's aid package to ensure compliance with federal and state regulations. Self-help aid, such as loans and work-study awards, are adjusted before grants or scholarships. If an overaward occurs after aid has been disbursed, the student may be required to repay all or a portion of their financial aid to the university.

## **Verification**

The federal government selects students for “verification.” Verification can be likened to an audit of the information you provided on the FAFSA. The Office of Financial Aid, Scholarships, & Veterans Services must verify that the information you submitted on your application is correct. If your file is selected, you will be asked to provide documentation that supports the information supplied on the application. No award offer will be made until the verification process is complete. An applicant selected for verification must complete the process for the 2017-2018 financial aid year by September 22, 2018 or 120 days after the last day of the student’s enrollment, whichever is earlier.

## **Summer Financial Aid Eligibility**

Summer is the start of the financial aid award year. For summer 2017, you must have a complete 2017-20178 FAFSA on file, be admitted to a degree-seeking program, and be enrolled in courses for the summer term. To be considered for Direct Parent PLUS or Direct Graduate/Professional PLUS loans for the summer term, please contact the Office of Financial Aid, Scholarships, & Veterans Services. You must be enrolled at least half-time to be considered for Direct Stafford loan eligibility. Section 1.4 outlines enrollment levels per term.

## **Professional Judgment**

If you have any unusual family or financial circumstances you do not feel have been reflected properly in the determination of your financial need, you are encouraged to contact us. These unusual circumstances may include one or more of the following: loss of job, change in income, divorce, medical expenses, death, and/or private elementary or secondary education costs. In you have additional educational costs that exceed the university’s published cost of attendance, such as child care, computer purchase, study abroad, or additional tuition charges, please contact the Office of Financial Aid, Scholarships, & Veterans Services.

## **Study Abroad**

Financial Aid can be processed for eligible students in approved study abroad programs. Visit the Office of International Education’s Study Abroad website at <http://www.emporia.edu/oie/study-abroad/> to learn more.

## **Consortium Agreements**

Consortium agreements may be available for some cooperative programs. Please contact the Office of Financial Aid, Scholarships, & Veterans Services at ESU (see Section 1.16) to request details.

## **Teacher Licensure**

Students who are beyond their first undergraduate degree and who are seeking teacher licensure could be eligible for financial aid. Teacher licensure students are awarded at the undergraduate level and must meet all undergraduate loan eligibility provisions (see Section 1.6). To be awarded financial aid as a teacher licensure student, you must complete the Office of Financial Aid, Scholarships, & Veterans Services’ teacher licensure verification form with the Teacher Certification Office as directed on the form. Students seeking licensure outside of the state of Kansas must complete this form with the appropriate state teacher licensing authority. (These programs are not Pell Grant eligible.) This form is available at [www.emporia.edu/finaid/forms](http://www.emporia.edu/finaid/forms).

## **Graduate Prerequisites**

Students needing to complete prerequisites for full admission to a graduate program must complete the Office of Financial Aid, Scholarships, & Veterans Services' graduate degree prerequisite form at [www.emporia.edu/finaid/forms](http://www.emporia.edu/finaid/forms) for consideration of financial aid eligibility.

## **Veterans Re-admission**

Veterans who left Emporia State University for active duty for more than 30 days will be readmitted to the university.

## **Home School Students**

Home school students are admitted per Kansas Board of Regents policy.

## 1.6 Federal Aid

You must submit the FAFSA application to be considered for federal aid programs. Some aid programs are designated for particular types of students (i.e. undergraduate/graduate, resident/non-resident) and level of federal need. General information on these programs is online on the Department of Education's website, <http://studentaid.ed.gov/types>.

The basic eligibility requirements for federal aid programs are:

- Demonstrate financial need (except for certain loans which are not need-based)
- Have a high school diploma or a General Education Development (GED) certificate, pass a test approved by the U.S. Department of Education, meet other standards your state establishes that the Department approves, or complete a high school education in a home school setting that is treated as such under state law
- Be working toward a degree or certificate in an eligible program
- Be a U.S. citizen or eligible non-citizen
- Have a valid Social Security Number (unless you are from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau)
- Register with the Selective Service if required
- Maintain Satisfactory Academic Progress (see section 1.13)
- Certify that you are not in default on a federal student loan and do not owe money on a federal student grant
- Certify that you will use federal student aid only for educational purposes
- Only hours needed for your program will count for federal aid.

The university participates in the following Federal Aid programs:

- Federal Pell Grant\*
- Iraq and Afghanistan Service Grant
- Federal Supplemental Educational Opportunity Grant
- Teacher Education Assistance for College and Higher Education (TEACH) Grant\*
- Federal Work-Study
- Direct Stafford Loan (Subsidized and Unsubsidized)\*
- Direct Parent PLUS Loan\*
- Direct Graduate/Professional PLUS Loan\*
- Federal Perkins Loan\*

**\*Sharing Information with the National Student Loan Data System (NSLDS)** - If you benefit from this program, your information will be shared with the appropriate agencies. Information about you as well as the federal aid program will be submitted to the National Student Loan Data System (NSLDS), and be accessible by guaranty agencies, lenders, and other institutions determined to be authorized users of NSLDS as required by federal regulations.

### **Federal Pell Grant**

This grant is awarded to eligible students who are working on their first bachelor's degree. The amount of this grant is determined by your Expected Family Contribution (EFC) as calculated from your FAFSA. The EFC must be between 0 and 5,328. For the 2017-2018 award year, the award amount ranges from \$606 to \$5,920. As of July 1, 2009, students could receive

Pell Grants year round (up to 200%); however, starting July 1, 2011, students may only receive 100% of their Pell grant eligibility as this provision was eliminated. Starting July 1, 2012, students are limited to 12 semesters (or 600%) of funding and this calculation is retroactive. Because the summer term is a non-standard term and is not the same length as the fall and spring term, Pell grants for the summer are prorated to 35.29%.

Unless you are currently enrolled for a term, we award this grant assuming that you will be attending full-time. Once you enroll, if your current enrollment is not full-time, the Pell grant award will adjust downward in conjunction with your enrollment. Also, students must begin attendance in all of their coursework to remain eligible for the Pell grant that was initially awarded. If the institution cannot determine attendance, recalculation of the Pell grant may be necessary which could result in a receivable to the university.

### **Iraq and Afghanistan Service Grant**

A student who is not eligible for a Pell Grant but whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after September 11, 2001 may be eligible to receive the Iraq and Afghanistan Service Grant.

### **Additional Student Eligibility Requirements**

- Be under 24 years old or
- Enrolled in college at least part-time at the time of the parent's or guardian's death.

The grant award is equal to the amount of a maximum Pell Grant for the award year – not to exceed the cost of attendance for that award year.

### **Federal Supplemental Educational Opportunity Grant**

This is a grant program available to undergraduate students with exceptionally large financial aid eligibility. The program requirements stipulate priority must be given to Pell Grant recipients. Because of limited funds, grants at ESU may range from \$100 to \$500 per year. Apply early for priority consideration.

### **Teacher Education Assistance for College and Higher Education (TEACH) Grant**

Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program that provides grants of up to \$4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. The amount of this grant is prorated based on your enrollment, and that this amount in combination with any other assistance may not exceed cost of attendance.

In exchange for receiving a TEACH Grant, you must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. More than 50% of your teaching duties must be in the subject area for which you were awarded the TEACH grant. As a recipient of a TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. If you fail to complete this service obligation, all amounts of TEACH Grants that you received will be converted to a Federal Direct Unsubsidized Stafford Loan. You must then repay this loan to the U.S. Department of Education. You will be charged interest from the date the grant(s) was disbursed. For more information on the TEACH grant including eligibility requirements, information about high-need fields, schools serving low-income students, and the Agreement to Serve, please visit <http://studentaid.ed.gov/PORTALSWebApp/students/english/TEACH.jsp>.

Students must complete an institutional application available at <http://www.emporia.edu/finaid/forms> to be considered for this program.

### **Federal Work-Study**

Federal Work-Study is a student employment program funded with federal and university dollars and is available to students with financial need. Federal Work-Study is an opportunity for students to earn money through employment to help pay expenses and control loan debt. The amount of the award is the maximum earnings you may receive at a work-study position and is not a guarantee of your earnings. You must be a degree-seeking student to be eligible.

For more information on the terms and conditions of employment under the federal work-study program, please go to <http://www.emporia.edu/finaid/undergraduates/workstudy.html>.

### **Direct Stafford Loan (Subsidized and Unsubsidized)**

Direct Stafford Loans are the Department of Education's major form of self-help aid. At ESU, funds for the Direct Stafford programs are borrowed from the Federal Treasury. Direct Stafford Loans are either subsidized or unsubsidized. A subsidized loan is awarded on the basis of financial need. You will not be charged any interest before you begin repayment as long as you are enrolled at least half-time in a degree-seeking program or during authorized periods of deferment. The federal government "subsidizes" the interest during these periods.

There is a time limitation placed on subsidized loans. Beginning with loans originated on or after July 1, 2013, a new first-time borrower's eligibility period for Direct Subsidized Loans will be limited to no more than 150% of the published length of the borrower's academic program. The eligibility period for a 4-year degree would be 6 years. Once a student exceeds the 150% eligibility period any Direct Subsidized Loans disbursed on or after July 1, 2013 will lose their subsidy and the student will become responsible for the interest that accrues on those loans. For more information please visit <https://studentaid.ed.gov/sa/types/loans/subsidized-unsubsidized>.

An unsubsidized loan is not awarded on the basis of need. You'll be charged interest from the time the loan is disbursed until it is paid in full. If you allow the interest to accumulate, it will be capitalized -- that is, the interest will be added to the principal amount of your loan and additional interest will be based upon the higher amount. This will increase the amount you have to repay. If you choose to pay the interest as it accumulates, you'll repay less in the long run. As of May 13, 2016, the subsidized interest rate and unsubsidized interest rate on loans whose first disbursement before July 1, 2017 was changed to 3.76%. As of May 30, 2017, the interest rate for the subsidized and unsubsidized loans that first disburse on or after July 1, 2017 is 4.45%. Graduate students are not eligible for interest subsidies as of July 1, 2012, and the unsubsidized interest rate for graduate students was changed to 5.31% on loans whose first disbursement occurs before July 1, 2017. As of May 30, 2017, the interest for loan that first disburse on or after July 1, 2017 is 6.00%. Please note that the interest rates also changed from fixed to variable-fixed, meaning that the interest rate can change every July 1, but any loan taken under that rate will remain fixed for the life of the loan.

ESU participates in the Direct Loan program where loan funding comes directly from the Federal Treasury. Eligibility for Direct Stafford loans will be detailed on your award letter, and you must utilize BuzzIn to accept the award offer. Once a loan has been accepted, the Office of Financial Aid, Scholarships, & Veterans Services will create a loan application on your behalf with the Department of Education. The loan is not considered valid until the student has completed a Master Promissory Note (MPN) which serves as your application and promise to repay the loan. The MPN can be completed by going to [www.studentloans.gov](http://www.studentloans.gov).

In addition to the MPN, students must also complete Direct Entrance Loan Counseling at least once at ESU. Entrance Loan Counseling serves as a review of your rights and responsibilities as a Direct Stafford loan borrower, and loan proceeds cannot be disbursed unless a student has completed it. This requirement can also be completed by going to [www.studentloans.gov](http://www.studentloans.gov).

As of June 19, 2017, the Department of Education has set origination fees of 1.069% for Direct Stafford Loans and will be charged to all borrowers for loans whose first disbursement occurs before October 1, 2017. The origination fee will be 1.066% if the first disbursement occurs on or after October 1, 2017.

You have the right to cancel all or a portion of Direct Stafford loan proceeds by contacting the Office of Financial Aid, Scholarships, & Veterans Services prior to disbursement or 14 days after disbursement.

### **Direct Parent PLUS Loan**

A Parent Loan for Undergraduate Students (PLUS) is a low-interest loan available for parents of dependent students. The PLUS is available without regard to financial need. You may borrow up to the full cost of attendance, minus all other aid awarded. However, satisfactory academic progress (see Section 1.13) as well as an adequate enrollment level (see Section 1.4) is required. In addition, the lender (Federal Treasury) is required to determine whether the parent borrower has an adverse credit history. The parent borrower must be the natural or adoptive parent (or in some cases a stepparent) of a dependent student. Additionally, as the parent borrower, you will be responsible for repaying the loan. As of May 13, 2016, the interest rate changed to 6.31% for loans whose first disbursement is before July 1, 2017. As of May 30, 2017, the interest will be 7.00% for loans whose first disbursement is on or after July 1, 2017. Please note that the interest rates also changed from fixed to variable-fixed, meaning that the interest rate can change every July 1, but any loan taken under that rate will remain fixed for the life of the loan.

Loan repayment begins after the loan has been fully disbursed. An optional deferment of repayment is available by contacting the Direct Loan Servicing Center at 800.848.0979.

As of June 19, 2017, the Department of Education has set origination fees of 4.276% for Direct PLUS Loans and will be charged to all borrowers on loans whose first disbursement is before October 1, 2017. The origination will be 4.264% if the first disbursement occurs on or after October 1, 2017.

Eligibility for PLUS loans will be detailed on your award letter, and you must utilize BuzzIn to accept the award offer. Once a loan has been accepted, the Office of Financial Aid, Scholarships, & Veterans Services will create a loan application with the Department of Education provided that the parent has completed a Master Promissory Note (MPN) and loan application. These can be completed by going to [www.studentloans.gov](http://www.studentloans.gov). If the parent applies for the loan and is denied, the student can be awarded additional unsubsidized Direct Stafford loans at the independent annual limits for their grade level.

You have the right to cancel all or a portion of the PLUS loan proceeds by contacting the Office of Financial Aid, Scholarships, & Veterans Services prior to disbursement or 14 days after disbursement.

### **Direct Graduate/Professional PLUS Loan**

Graduate and professional degree students are eligible to borrow under the PLUS Loan Program up to their cost of attendance minus other estimated financial assistance. The terms and conditions applicable to Direct Parent PLUS Loans also apply to Direct Graduate/Professional PLUS loans. These requirements include a determination that the applicant does not have an adverse credit history and repayment beginning on the date of the last disbursement of the loan. As of May 13, 2016, the interest rate changed to 6.31% for loans whose first disbursement is before July 1, 2017. As of May 30, 2017, the interest rate is 7.00% if

the first disbursement occurs on or after July 1, 2017. Please note that the interest rates also changed from fixed to variable-fixed, meaning that the interest rate can change every July 1, but any loan taken under that rate will remain fixed for the life of the loan. Applicants must have applied for their annual loan maximum eligibility under the Federal Subsidized and Unsubsidized Direct Stafford Loan Program before applying for a Direct Graduate/Professional PLUS loan. Separate Entrance Loan Counseling is required prior to disbursement and can be completed by going to [www.studentloans.gov](http://www.studentloans.gov). In addition to entrance loan counseling new borrowers must complete a Master Promissory Note (MPN) with Direct Lending to serve as their application and promise to repay the loan. You can complete an MPN at [www.studentloans.gov](http://www.studentloans.gov).

As of June 19, 2017, the Department of Education has set origination fees of 4.276% for Direct PLUS Loans and will be charged to all borrowers on loans whose first disbursement is before October 1, 2017. The origination fee will be 4.264% if the first disbursement occurs on or after October 1, 2017. If you are eligible for this loan program, please contact the Office of Financial Aid, Scholarships, & Veterans Services to review your eligibility.

### **Federal Perkins Loan**

This is a low-interest loan program funded by the federal government and ESU, with the university acting as lender. Currently, the maximum Perkins Loan award is \$4,000 per academic year for ESU Kansas resident undergraduates and \$5,000 for ESU non-resident undergraduates. Offers of the Perkins Loan are contingent upon availability of funds, demonstrated federal aid eligibility, and program requirements. The repayment period begins following a 9 month grace period, which begins after the student is no longer enrolled at least half-time in college. The loan carries a fixed interest rate of 5 percent, and the maximum repayment period is 10 years. ***Remember, this is a loan which must be repaid.***

You must complete a separate application to apply for the Perkins Loan and can be found online at [www.emporia.edu/finaid/forms](http://www.emporia.edu/finaid/forms). After your application and if you are awarded the Perkins Loan you will also need to complete Perkins Entrance Loan Counseling and a Perkins Master Promissory Note. Once the loan has been accepted on BuzzIn, the Student Loan Office transmits the borrower information to ECSI who handles all of ESU's Perkins loans. ECSI will provide information to you in regards to Entrance Loan Counseling and the Master Promissory Note.

Once you have graduated or ceased to be at least a half-time student, you will need to complete exit loan counseling which provides you with your rights and responsibilities as a loan borrower in repayment. ECSI will provide you with information on completing exit loan counseling.

To report estimated financial assistance not already included in your aid package, please contact the Office of Financial Aid, Scholarships, & Veterans Services (see Section 1.16). Reporting this information early will prevent changes in eligibility that can result in reductions to financial aid.

### **Bureau of Indian Affairs/Tribal Fund**

Some students qualify for specialized forms of assistance financed by these agencies. Each agency has its own process of determining eligibility and selecting recipients. You should contact these agencies directly if you are interested in their programs.

### **Jones Foundation Educational Grant**

To be considered for a Jones grant, applicants must also apply for federal financial aid. Many times, scholarships are available through churches, employers or service clubs/organizations. Most awards may be used for your education wherever you attend school. According to federal regulations, outside scholarships must be packaged into your aid award so your federal financial aid eligibility will not be exceeded. You must notify the Office of Financial Aid, Scholarships, & Veterans Services.

### **Private Educational Loans**

Report all private loans obtained for educational purposes. We recommend that you complete the FAFSA and use the Direct Stafford Loan program as your primary education loan source. These loans may have lower interest rates, better repayment terms, and loan forgiveness options.

Students who are interested in private educational loans may obtain more information at:

<http://www.emporia.edu/finaid/privateloans.html>.

### 1.11 Award Notification

Once a student's admission or continued enrollment is confirmed and a financial aid application is complete, eligibility for Federal program funding is determined. Our basic awarding philosophy is based awarding funds to students who meet the award criteria. As much as possible, limited funding is award on a first-come first-served basis to eligible students.

Federal financial aid eligibility is calculated by the following formula:

$$\begin{array}{r}
 \text{Total Cost of Attendance (see Section 1.3)} \\
 - \text{ Family Contribution of student, spouse (if applicable), and parent (if applicable)} \\
 \hline
 = \text{ Federal Need}
 \end{array}$$

Student and family resources are determined by the federal government from an analysis of information you submit on the FAFSA. The Office of Financial Aid, Scholarships, & Veterans Services determines your eligibility for the various programs. Each program has its own specific eligibility requirements. When your file is complete, new students to Emporia State University will be notified by U.S. mail to view and accept, decline, or reduce (if applicable) your award offer online via BuzzIn. Continuing students will receive a notification at their Emporia State University Gmail account. The financial aid offer is generally in the form of a "package" – a combination of scholarship, grants, employment and loans and will vary according to a student's eligibility and promptness in applying for aid. First priority will be given to students who meet program requirements and application priority dates.

Carefully review your award offer and the policies provided to you. The award offer will tell you exactly how much money you have been offered each semester from specific programs. Initial award offers may indicate full-time funding for the academic year. If you will be attending less than full-time, notify the Office of Financial Aid, Scholarships, & Veterans Services so that your aid can be revised if necessary. Failure to do so may result in you owing a repayment. If you have a two-semester award and will only be accepting for one semester, please notify the Office of Financial Aid, Scholarships, & Veterans Services.

#### **Revisions**

Revisions in award amount may be necessary due to changes in your enrollment status, classification, residency, or notification of additional aid. Changes in enrollment status (e.g. half-time to full-time or full-time to half-time) should be made prior to any disbursement of financial aid. If enrollment changes during the add/drop period, adjustments will be made and you may be required to repay.

In all cases, you must inform the Office of Financial Aid, Scholarships, & Veterans Services of money received from outside sources. If you receive a private scholarship/grant/loan which is not included in your award offer, a reduction of your other aid may be required. Your award(s) must be reviewed to determine how receipt of additional dollars affects your financial aid eligibility. In the event an adjustment is required, notification of revision will be sent to you via your ESU email account. Review the changes made and, if necessary, resubmit your award decision electronically via BuzzIn. If award notification is received after funds have been disbursed, and the additional award exceeds your federal aid eligibility, we may request repayment.

## Award Appeals

You have the right to appeal financial aid awards if you feel you have been awarded funds inequitably or denied funds because of lack of due process or fair and equitable treatment. Such appeals must be submitted in writing to the Director of the Office of Financial Aid, Scholarships, & Veterans Services (see Section 1.16)

## 1.12 Award Disbursement

No aid will be disbursed until you have accepted the award offer online via BuzzIn and you have enrolled in the correct number of hours. Federal loan disbursements are made after your completion of a Master Promissory Note and Entrance Loan Counseling (see Section 1.15). Most funds are disbursed through the credit-to-account system and become available on the date published in the Class Schedule as long as appropriate paperwork has been processed. Funds that arrive after that date are disbursed as received. You are required to apply financial aid money to university charges (e.g. tuition/fees, room/board). Any excess aid will be disbursed by Cashiering Services via direct deposit as long as this has been setup by the student. More information can be found at <http://www.emporia.edu/busaff/>.

For Federal Title IV aid recipients, as of July 1, 2011, students must be able to obtain books and supplies through the use of Title IV funds by the seventh day of a payment period. The following conditions must be met:

- The institution could disburse the student's Title IV funds 10 days before the beginning of the payment period (i.e. student has met eligibility requirements); and
- If all of the Title IV funds had been disbursed 10 days before the beginning of the payment period, the student would have a Title IV credit balance. [A Title IV credit balance occurs when the total amount of all Title IV funds credited exceeds the amount of tuition and fees, room and board, and other authorized charges the institution assessed to the student.]

Also note that in order to receive Federal Title IV aid, particularly the federal Pell grant, students must begin attendance in all the courses for which the Pell grant was calculated and disbursed for. If an institution is unable to determine if a student attended class, recalculation of the Pell grant may be necessary which could result in a receivable to the university.

### **Extended Payment Plan**

Emporia State University offers an extended payment plan for payment of account balances. There is an administrative fee of \$50 assessed after the 5<sup>th</sup> day of classes. A signed extended payment plan must be on file with Cashiering Services in order to avoid additional fees each semester. The plan is available to any student unable to pay their account in full. Financial aid must be authorized and disbursed to be considered a payment on the account. For additional information, contact Cashiering Services, 104 Plumb Hall, 620.341.5135 or visit their website regarding payment options at <http://www.emporia.edu/busaff/student-information/tuition-payment.html>.

## 1.13 *Satisfactory Academic Progress Policy*

Per federal regulations, each aid recipient is expected to meet minimum standards of satisfactory academic progress for financial aid purposes. Satisfactory academic progress is reviewed at the end of each semester.

### **Policy**

The complete Satisfactory Academic Progress policy including guidelines for maintaining satisfactory academic progress can be reviewed by going to <http://www.emporia.edu/finaid/forms/> and clicking on “Satisfactory Academic Progress Policy.” Printed copies of the policy are available at the Office of Financial Aid, Scholarships, & Veterans Services & Scholarships.

## 1.14 *Return of Title IV Financial Aid*

The university is required to perform the “Return of Title IV Funds” calculation to determine if return to federal funds is necessary for students who withdraw or do not complete at least one course during the first 60% of an academic period. Any refund resulting from withdrawal from all classes will first be allocated back to federal program funding. Any additional required return of federal funds will become the liability of the student. Until repayment is made, you may not be able to re-enroll at Emporia State University or obtain an academic transcript. In some cases, the calculation may require a repayment of federal grant funds, in which case the student has 45 days from the date of notice to repay the obligation or it will be reported to the Department of Education. Once a federal required repayment has been reported to the Department of Education, the student becomes ineligible for Title IV aid at any institution and must correspond with the Department of Education’s Debt Collection Service to repay.

Required returns to federal funds will be made in the following priority in compliance with federal regulations:

1. Federal Unsubsidized Direct Stafford Loan
2. Federal Subsidized Direct Stafford Loan
3. Federal Perkins Loan
4. Federal Direct Graduate PLUS Loan
5. Federal Direct Parent PLUS Loan
6. Federal Pell Grant
7. Federal Supplemental Education Opportunity Grant (FSEOG)
8. Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant
9. Iraq and Afghanistan Service Grant (IASG)

### **Official Withdrawal from the University**

For information on the requirements for officially withdrawing from the university, please visit the Registration Office’s website on enrollment procedures including withdrawal policies at <http://www.emporia.edu/regist/enroll/enroll-info.html>. For the purposes of Return to Title IV calculations, the date of withdrawal is used as the student’s withdrawal date.

### **Unofficial Withdrawal from the University**

If a student does not complete the procedures for officially withdrawing from the university, they are treated as an unofficial withdrawal. This may occur if the student fails all courses for an academic period. For the purposes of Return to Title IV calculations, last date of attendance information provided by the student’s instructors at the time it was determined the student unofficially withdrew is used as the student’s withdrawal date. If this information is unavailable, the midpoint of the academic period is used.

### **Leave of Absence Policy**

Emporia State University does not have a formal Leave of Absence policy; therefore student who are on a leave of absence are treated as a withdrawal for purposes of Return to Title IV. The date the student is placed on a leave of absence will be the date of withdrawal unless attendance information indicates an earlier date.

### **Courses Taken in Modules**

Any course that is taken that is also not the full length of the term is considered to be a modular course. If a student ceases attending (this may occur through either dropping or withdrawing, or from attendance information) from modular classes that

have begun and is not currently attending any other course, they are considered to be Return to Title IV unless the institution receives written notification that they intend to attend a course that they are enrolled in that has not started yet. In other words, a break in attendance (usually either by dropping or withdrawing), is considered to be a withdrawal for Return to Title IV purposes. To assist students with this process, an email will be sent to the student upon dropping or withdrawing from a course that is modular and are not currently enrolled in a class that has begun, and is enrolled in a class that is scheduled to begin at a future date.

## **Refund of Institutional Charges**

If you enroll for a term and subsequently drop hours or withdraw which causes a change in institutional charges, the following schedule is used to determine if a refund is applicable:

- Institutional Tuition/Fee Refund
  - 100% refund through the 10<sup>th</sup> day of class (Note: The first \$20.00 of all tuition and fee payments is non-refundable for withdrawals made on or after the first day of classes.)
- Housing and Food Service Refund
  - Housing and Food Service refunds are based on a prorated assessment and appropriate cancellation fee. Contact the Office of Residential Life, 308 S Morse, 620.341.5264, for more information.

If your financial aid package is comprised of institutional and/or state awards only, any refund will first be returned to the aid program(s) received.

## **Collection Policy**

A student's official transcript may be held and/or permission to re-enroll denied for failure to pay any indebtedness or return any property to the University. Students agree to pay Emporia State University the amounts due and all administrative fees, late payment fees, costs, and related expenses in collecting this debt, as allowed by law.

## **Withholding of Student Information**

When necessary, the University may withhold a student's official transcript for the nonpayment of tuition and fees, loans, other charges, and for failure to return University property.

This U.S. Department of Education database for federal student financial aid is where you can find out about the aid you’ve received. NSLDS receives data from schools, guaranty agencies, and U.S. Department of Education programs. The NSLDS

website is generally available 24 hours a day, seven days a week. By using your FSA ID, you can get information on federal loan and Pell Grant amounts, outstanding balances, the status of your loans, contact information on your loan servicer, and disbursements made. You can access NSLDS by using your Federal Student Aid PIN at [www.nsls.ed.gov](http://www.nsls.ed.gov). A resident will be considered missing when he or she is absent from the University for more than 24 hours without a known reason.

## 6.3 *University Student Complaints*

The Kansas Board of Regents requires each state university to establish and enforce explicit procedures to address student grievances and complaints alleging university activity, or a university employee act of omission, that is proscribed by Board or institutional policies. Each state university is required to create, maintain and advertise a single point of contact to assist students in determining the appropriate university procedure for initiating a particular complaint or grievance.

The single point of contact to assist students in determining the appropriate university procedure for initiating particular complaint or grievance at Emporia State University is the Dean of Students. To address complaints for which there is no other applicable institutional procedure, upon written, formal and signed complaint, the Vice President for Student Affairs will evaluate and in accordance with the Board of Regents policy entitled “Complaint Process” manage such complaint.

If it is impossible for the complaint to be resolved by the Vice President through administrative channels, the issue shall be referred to the President who shall appoint an appropriate institutional committee to hear the complaint.

The hearing committee shall forward its recommendation to the President for review. The President shall accept, reject, or modify the recommendation of the hearing committee.

### Final Summary Area

This procedure shall not negate any other policy relating to the processing of claims or charges of proscribed conduct which may be made by person directly involved with or affected by the operation and management of the university

If after exhausting all available institutional grievance or complaint processes a student’s complaint remains unresolved, the student may make a complaint to the Kansas Board of Regents office, in writing, by completing and submitting such forms as may be required by the Board.
