Building on your understanding of the Daily 5, this workshop will briefly review the literacy model, and then delve into discussion and sharing with other Daily 5 teachers. Please feel free to bring your own resources and ideas to share with the group!

This session will also introduce and provide resources to utilize for the CAFÉ assessment system which is used to drive your small group Guided Reading instruction.

This session is designed as a follow-up to the workshop “Making the Daily 5 Work for You,” presented July 9, 2009. However, it would also be of value to teachers already familiar with The Daily 5 or those willing to read The Daily Five by Boushey and Moser prior to the workshop.
