From The Teachers College Policies and Procedures Manual

2A.08 Emporia Teachers Council

The purpose of the Emporia Teacher Council is to promote increased dialogue within the Emporia educational community and to improve professional relations among teachers, administrators, and the community. Other priorities are to promote pre-service and in-service training and to help in the development or modification of curriculum or policies for pre-service teachers. The council serves a communicative and problem-solving function and meets monthly if there are sufficient agenda items to meet as determined by the chair of the council. The council is comprised of teacher and administrator representatives from USD 253 schools and representatives from Emporia State University including the student teaching director (Director, Office of Professional Education Services), Phase I representatives, PDS representatives, and representatives from other academic disciplines on the ESU campus.
